about us

Our love story began in 2016, and it has been filled with adventure, laughter, and a shared passion for exploring life's beautiful moments together. After four years, we tied the knot in the magical city of New York, sealing our journey with a promise of love and partnership. Robert is an avid golf professional who thrives on teaching and enjoying the game, while Rachelle manages a bustling high-rise, keeping things exciting and dynamic. We're blessed with three incredible daughters—two adopted and one biological—who fill our days with joy and love. Now we're excited to expand our family, dreaming of adding a little boy to our crew. We believe the universe brought us together, and we are so ready to share our love and lives with another precious soul.

our home and pets

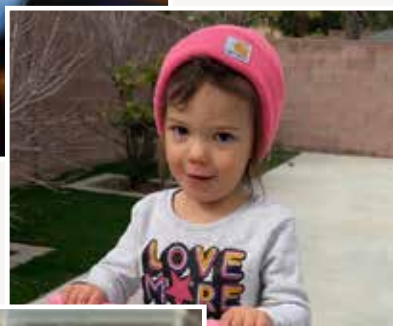

A couple of years ago, we moved into our dream home after a complete remodel designed with lots of love and thought for our growing family. Our one-story home sits at the end of a peaceful cul-de-sac and features a spacious backyard with a pool, perfect for endless fun, toys, and family memories. We love spending time outdoors, whether splashing in the pool, trampoline fun, or zooming around on our bikes and scooters. Our two pups, Tully and Cozi, are always by our side, adding extra joy to our lively home. We can't wait to share all this warmth and adventure with a new little one.

our adoption story

Our journey to parenthood has been a beautiful testament to love, resilience, and the power of family. Adoption has given us hope, joy, and the gift of becoming parents to two incredible daughters while also welcoming our biological daughter into the world. Through adoption, we've learned that family is built by love, not DNA, and our hearts are open to expanding once more. We are overjoyed to continue this journey, ready to add a little boy to our family and give our children the gift of growing up with each other.

our family

+ traditions

Our extended family is an important part of our lives, and they couldn't be more excited about our growing family. We love celebrating holidays and special occasions together, especially when it comes to decorating—it's a tradition we take seriously! Every year, we go all out for Valentine's Day, Fourth of July, Halloween, Thanksgiving, and Christmas, making each holiday a little more magical than the last. We can't wait to pass these traditions on and create even more memories with a new addition.

dear
**expectant
mother**

To A Loving Mother,

Thank you for taking the time to learn about our family. We are honored and humbled that you would consider us to raise your precious little boy. This decision requires immense strength, and we want you to know you are already a blessing in our lives just by considering us. We believe adoption is a beautiful act of love, and we are deeply grateful for the opportunity to potentially welcome your baby into our family.

If we are chosen, your son will be the most loved and cherished gift. Our home will be filled with laughter, warmth, and endless adventures. From baking cookies together in the kitchen to exploring the world around us, we will create traditions that fill his heart with joy. We can't wait to teach him about kindness, bravery, and generosity—values that will shape his journey as he grows. He'll have a backyard full of toys, fun-filled days splashing in the pool, and three loving sisters and two pups ready to play with him.

We promise to raise him with love and respect for his roots, ensuring he knows how special he is and how deeply connected he will always be to his story. Your son will grow up surrounded by a family that dreams, laughs, and loves together, with a future filled with endless possibilities. Thank you for considering us for this incredible blessing

With Love,

Robbie and Rachelle
