## ABOUT US

Hello! We are Aaron and Theresa from the beaches in Florida. We invite you to get to know us, and we can't wait to learn about you. We would like to think of our love story as a romance movie. We met while Theresa was on vacation in San Diego, Aaron's hometown. We quickly realized we had similar interests and goals in life and were soon married. We enjoy going to concerts, festivals, farmers markets, and art fairs. We spend a lot of time with our dogs and are both big dog lovers. Our personalities are quite similar. We both grew up doing lots of sports. The two of us love to hang out with friends and visit our families. Both of us have flexible jobs that have made it easy for one of us to always be home with our baby girl and our future baby too.

## OUR HOME & PETS

We live in a gated community and have an extremely safe neighborhood with great amenities. It is pretty warm most of the year where we live, so it allows us to get outside and enjoy outdoor activities. Our city has professional football, baseball, and hockey teams. There are concerts and festivals that come to town. We enjoy going to the beach and taking our dogs to all the dog parks. We have two dogs: a vizsla and a goldendoodle. Our house has a fenced-in backyard for the dogs to run around. We love that we live close to work, restaurants, and our friends.

## *what led us to adoption*

We have been happily married for eight years. After many years of not being able to have biological kids, we soon realized adoption was our only hope of having a family. We were blessed last year when we adopted our beautiful baby girl, Madilyn. She has brought us so much joy and happiness. We are ready to continue growing our family and wish to adopt another child. We have so much love to give a child and lots of resources to help raise a child. We are open to whatever child God sends our way. Part of the excitement is not knowing what gender or race the baby will be. We eagerly wait for the day when we will be chosen as parents again.

St. Patty's Day, Fourth of July

**TV Show:** *Game of Thrones*

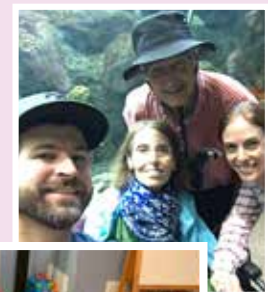

## OUR FAMILY & TRADITIONS

We both have large families. Aaron is the oldest sibling. He has two younger sisters and two younger brothers. We have eleven nieces and nephews on Aaron's side of the family. Aaron's mother has five siblings, and his father has six siblings. That makes for a lot of cousins.

Theresa has an older sister, a twin brother, and two younger brothers. We have twelve nieces and nephews on Theresa's side. Theresa's mother has eight siblings, and her father has two siblings, also making for lots of relatives and cousins.

We enjoy getting together for holidays, birthdays, and graduations. When we are with our families, we love having pool parties, grilling out, picnicking, jeeping, canoeing, and playing games. We enjoy watching Madilyn and her cousins interact and play together. They have so much fun with their new little cousin and take turns feeding her and teaching her new things.

## DEAR EXPECTANT MOTHER

We truly admire your courage and bravery as you consider the best option for you and your baby. It takes great strength and love to want the best possible future for your child. We cannot imagine how difficult it is for you to consider this selfless decision.

We have always dreamed of having a big family of our own. We know adoption is our only chance to fulfill this dream. Our hearts will be filled with so much love and gratitude if we are chosen to love, care for, support, and encourage your child. Giving us the gift of becoming parents again would be the best gift anyone could give us. We want you to know your baby will be loved and never taken for granted if you choose us. We will do everything in our power to make sure your baby has the most fulfilling life. We promise to always provide love and laughter in our home. We want our children to be happy and to follow their dreams.

We have lots and lots of family eagerly awaiting to meet your little bundle of joy. If you bless us with this gift, you will always hold a special place in our hearts for giving us our dream.
