Our story

We are a very close and loving couple that work hard in our jobs to have a better future for our family. We love to travel and spend as much time with each other as possible. We have been happily married for almost 14 years, and we are very excited to begin this journey to be parents to a special angel. God and family are the most important part of our lives. We love to donate our time to help out anyone in need. We love to see the positive side of life even after our long, hurtful path in trying to be parents. We live on a small farm outside the city. It is very peaceful and relaxing to be surrounded by all of our farm animals. Our biggest desire is to be parents.

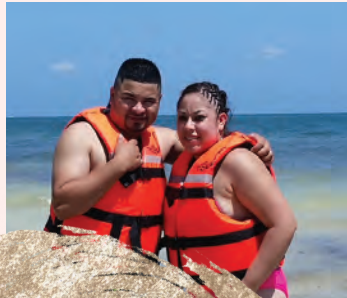

Our home + pets

We live in a rural town in Texas. It is a unique and different type of living that we love because of its peaceful and calm atmosphere. It is a very safe and quiet community. We have many animals, including sheep, chickens, horses, and three dogs. They keep us busy, but we love it! We have a small school district in our town, but we have looked into exceptional private academies nearby as well. Our nearest city is only about 40 minutes away, where we have many attractions that are family friendly.

What led us to adoption

This is our first time adopting, and we are beyond excited to begin this journey. We have had a very hard path in our desire to be parents since we got married 14 years ago. Adopting has always been in the back of our minds, but we kept trying to have children through different methods. After doing a lot of research, we came to find out this is the best way to become parents. We have so much love to give, and we can't wait to love, protect, and support a lovely angel through adoption.

OUR FAMILY

AND TRADITIONS

We both come from very big families. Anita is one of three girls, and Armando is one of nine siblings. Anita has four nieces and nephews, while Armando has 22 nieces and nephews. Our family reunions are the most fun, to say the least. There are a lot of kids, and we always try to make it fun for them.

Our house is usually where we can get together since we have the most space and the kids love the animals. Easter is a very big tradition. We love to host a big Easter hunt with lots of fun prizes for the kids. We have a lot of fun and games for all ages. Both our families get along very well, and we love hosting them as often as possible.

Dear expectant mother,

We know this is a very difficult decision made out of love for your baby. If you bless us with this gift, we promise to love and support your baby with the warmest heart. You are the strongest person for making this decision, and we admire and respect you for that. You are choosing the best for your baby, and only a great mother can do this. You can be sure that if you choose us, you will always be part of our family and hold a special place in our hearts for granting us the best gift anyone can give.

We have been trying to become parents for the past 14 years. We know God has a plan for us, and we will accept his decision. We pray for all expectant mothers and their babies for a safe delivery. We pray every night as a couple to get more strength through this journey filled with emotions. We are warm-hearted people and believe in all the good of everyone around us. We would be honored to be the parents of your baby and promise they will always know about you. We have been parents for only minutes, but those were the most memorable minutes of our lives. They will forever be imprinted in our hearts.

Warm Regards,

Armando & Anita
