

COURTNEY + ROGER

our story

ABOUT US

We have been married since August 2024. We met on a dating app and went on our first date in April 2023, and the rest is history! We have one German shepherd fur baby named Callie. We spend most mornings together with a cup of coffee, our devotional book and prayer before leaving for work. Roger works as a material handler for a medical supply company that produces metallic plates and screws for surgeries. Courtney worked as a CNA for the last 6 years, but recently lost her client to breast cancer and now works as a Substitute teacher for kids, grades Kinder through eighth at a local private school. Courtney will be a stay-at-home mom once our family grows. During our days off we love to spend time outside going for walks, working in our yard, going paddle boarding on nice sunny days and spending time with our families that live close by. We love camping and look forward to our annual family cabin reunion at the coast.

OUR HOME + PETS

We have a loving, safe home in a quiet neighborhood located in southwest Washington. We live in a one-story, ranch-style house that's on one acre. We have a very big, fenced-in backyard with a play structure, fruit trees, berry bushes, chickens, and our cute dog, Callie. There is plenty of space to play, run, and learn at our home. There are many great Christian programs for education that we will utilize when our children are school age. We can't wait to raise our children, knowing they will have many great memories and experiences here. There are three of the most beautiful mountains and amazing waterfalls that are all just a short drive away for our enjoyment.

WHAT LED US TO ADOPTION

Adoption has been a lifelong dream for us both even before we ever met. Our hearts have a soft spot for children. We both come from big families and desire to have one of our own. We pray daily for the blessing of a child—one we'll be able to love, encourage, support, and protect. We are eagerly waiting for that blessing. We have friends we know personally who have adopted and have been adopted. Courtney even had the opportunity to go meet the biological family of our close friend who was adopted from Guatemala recently. Adoption is such a beautiful thing, and we can't wait for it to be part of our story.

OUR
photos

COURTNEY

OCCUPATION: CNA/substitute teacher
EDUCATION: Pre-nursing classes
RACE: Caucasian
RELIGION: Christian
FOOD: Sushi, fresh fruits, berries, veggies and pho
HOBBY: Paddle boarding, swimming
TRADITION: Camping, vacations
MUSICAL GROUP: Country, Christian
MOVIE: Switched for Christmas
DREAM VACATION: Greece

RACE: Asian
RELIGION: Christian
FOOD: Food lover
HOBBY: Hiking, swimming, video games
TRADITION: Camping, vacations
MUSICAL GROUP: MercyMe, Casting Crowns
MOVIE: Action, romance, comedy
DREAM VACATION: Maldives
TV SHOW: Somebody Feed Phil
SUBJECT IN SCHOOL: Physical education

OUR FAMILY AND *traditions*

Roger comes from a family of eight, with five sisters, one brother, and his loving mother. Courtney comes from a family of seven, with three sisters, one brother, and her loving mother and father. Courtney and her twin sister are the youngest.

We go to Courtney's family farm for dinner, pool time, quad rides, bbq, sunset walks, game nights, and birthday celebrations. In addition, we love keeping family traditions that consist of vacations in Mexico, annual Hootenanny (our fall party in the barn with music, dancing, hayrides, and fresh pressed apple cider), zoo lights during the Christmas season, finding and cutting a Christmas tree, and Christmas mornings opening gifts.

Traditions we look forward to starting with our growing family are dinners, campouts in the backyard, lake days, bedtime stories, and prayers. Together, we have 32 nieces and nephews and two great-nephews we love to have over for sleepovers, cookouts, gamedays, and aunty and uncle dates as much as possible. All the kids ask when our newest family member is coming because they all want to hold him or her.

dear

EXPECTANT MOTHER

There's no possible way we can tell you everything about us, but we really hope you're able to connect with something that helps make your choice a bit easier. We can only imagine how emotional this decision is for you. Our prayer for you is that you feel confident and at peace making whatever decision is best for you. You are a very brave and strong mother. We see your selfless act of love and care for your child in considering this difficult choice. Those are your characteristics, and that is what we will share about you with your child as they grow.

Know that we will give your child the love and safe environment they need and deserve. Your child will grow up with siblings, with the first coming in July. We are eager and excited to see who will make their appearance first: our adopted child or our biological child. We can't wait to see the sibling bond they will share, and we want you to know that our love for them will be the same. Children are such a blessing, and we are excited for the opportunity of possibly adding two blessings to our life this year!

Thank you for looking at our profile and taking us into consideration for the adoption of your child.

With love and admiration,

ROGER + COURTNEY
