ABOUT US

David is pretty calm and easy-going, able to deftly navigate stressful situations. He's a black belt in Tae Kwon Do with a passion for art and history and often combines the two in his drawings, like his colored pencil rendering of King Tut. You can also find him tinkering away with electronics, like his custom-built PC.

Nicole is bubbly, with a strong nurturing and caring side. She also excels in martial arts, loves swimming, and is a former lifeguard. She loves hosting for holidays, and volunteering; whether it's her godson's school or the roller coaster club, she just enjoys staying busy and giving back. She helped raise her godson from the age of three, so he is a big part of her life. Nicole is fluent in Polish and a proud Polorican (1/2 Polish 1/2 Puerto Rican).

Together we love adventurous road trips while stopping to see the biggest ball of yarn or the two-story outhouse. Roller coasters are a major passion, having ridden over 200 unique roller coasters and counting. We embark on new adventures every summer! We look forward to building our family and sharing these experiences together.

OUR HOME & PETS

We live in a quiet suburban area that is one of the safest and has some of the best schools in the state. A bike path is just beyond our backdoor, with a massive park, filled with fun, down the street, a farmer's market, and outdoor concerts just a short walk away.

Heading inside, we have three spacious bedrooms and a large, cozy family room with plenty of play space! We can play games, do a puzzle, roughhouse, or just relax with a book.

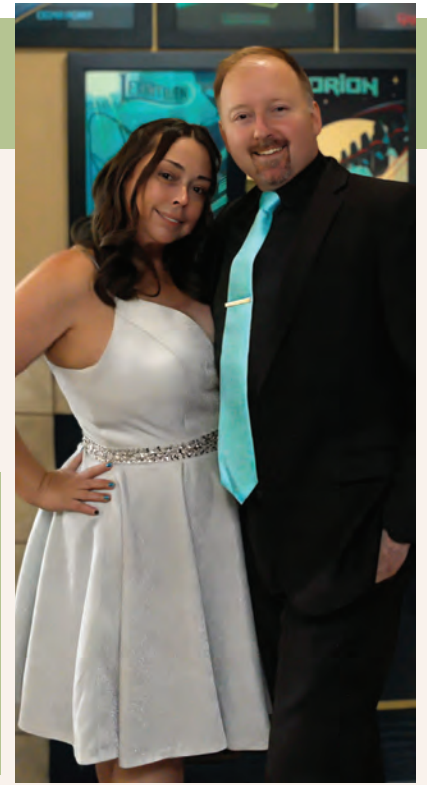

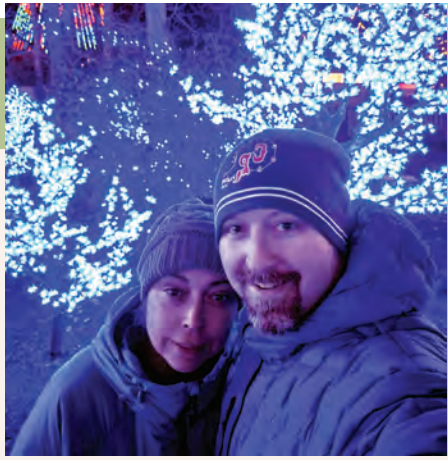

Our three cats are all super sweet and filled with personality. We also have a long-haired chihuahua who just loves people and craves attention, even from strangers. He's more of a lap cat than the cats and just loves to snuggle up close.

WHAT LED US TO ADOPTION

Biological children are not an option for us, but we both love kids and have always wanted to build a family together. Some friends of ours have adopted, and we've seen the joy it brings.

Your baby will fit right in as we share our incredible warmth and love and give your child the best life possible. We want to build lasting memories while sharing in our roller coaster adventures, going to see Christmas lights, teaching them how to build a PC, or just playing together at home and sharing in those simple moments. We have so much love to give and are eager to share it.

Sport: Baseball, swimming, skating

Food: Pizza

Hobby: Crafting, cooking

Tradition: Annual family camping trip

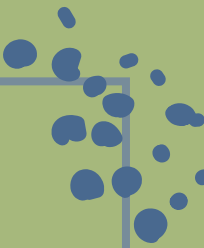

Musical Group: My Chemical Romance

Dream Vacation: Poland

TV Show: Star Trek

Book: The Outsiders

OUR FAMILIES & FRIENDS

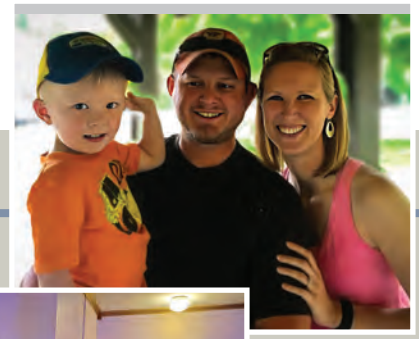

We have a fantastic group of friends, who are really extended family. Nicole's godson is a big part of her life and we are thrilled he lives just down the street. They are family and we all love, help, and support each other.

Nicole comes from a large family and they live just a few hours away so we visit regularly. Some of her favorite memories are of the annual summer BBQ and holiday dinners. Her family is so warm and accepting, that if you attended one of these gatherings, you were now a member of the family. Nicole also has 16 cousins, and as kids they were always coming up with new games, singing songs, or putting on plays for the family. This is something we would love to continue. Especially since both our sisters are expecting! We would love to add another cousin and playmate to our family gatherings.

David's parents and two sisters live on the east coast, and we usually visit at least once a year. They are very warm and generous, always greeting you with hugs and welcoming you inside to relax on a comfy couch, or watch the ducks in the lagoon. Being close to the ocean, we love to browse the shops, swim in the sea, and sometimes bury our niece in the sand and turn her into a sand mermaid! There's always something fun and exciting to do.

Both sides of the family are so warm, welcoming, and generous that we love to visit as often as we can. Playing board games, cooking together, or strolling along the beach—we have such a blast every time!

DEAR EXPECTANT MOTHER

To A Loving Mother,

Thank you so much for taking the time to read our profile. The emotions and stress you must be going through are unfathomable. Though it may sound cliché, it is certainly true that it takes incredible strength, courage, and selflessness to consider adoption. To us, that is the very definition of love: to do what is best for your child at the expense of your own wants and needs.

We would be so honored and eternally grateful to care for your child. We will love them unconditionally and bring them into a home filled with warmth, acceptance, and open-mindedness. Your baby will be surrounded by love and support, and we will help them to understand who they are, where they came from, and the loving and selfless act that brought them to us.

We are so eager to begin building loving memories and experiences with your baby: hearing those first words, watching those first steps, playing together, and sharing in our adventures. Not everyone likes roller coasters (we get it), but there are plenty of other fun adventures we can have, like camping and kayaking, building sandcastles on the beach, and so much more. They are going to have a blast, and you are welcome to join the ride as much as you are comfortable.

With Love,

David and Nicole
