OUR LIFESTYLE

We met in 2017 after talking online through a dating service. After four years, Jeff asked for Justina's hand in marriage with the help of our pets. A year later we got married in front of our family and friends. We are a happy, loving, goofy couple. Jeff works as a tow truck driver, and Justina is the Culinary & Dining Coordinator at a nursing home. Anyone can usually find us hanging out with our family and friends or just hanging around the house with our dog, Beau, and our two cats, Oliver and Oreo. In our spare time, Jeff likes to tend to his garden, work on house projects, fishing, or go disc golfing. Justina likes to go baking crazy, cook, make quilts, or hang out with our niece.

OUR HOME + NEIGHBORHOOD

We live in a small community faith based town. Some of the things our town has is two schools, 2 parks, & a lake. We are very fortunate to live close to it all. Jeff & Justina have a beautiful two story house, with a swing set & a partially fenced in yard. You will usually find our dog Beau running around our yard with our niece. Or waiting at the door to greet you when you walk in the door. We also have two cat named Oliver & Oreo. Oliver likes to be the guardian cat while Oreo is more of a laid back cat. Anyone who comes into our home can usually find some homemade chocolate chips cookies as soon as you walk in the door.

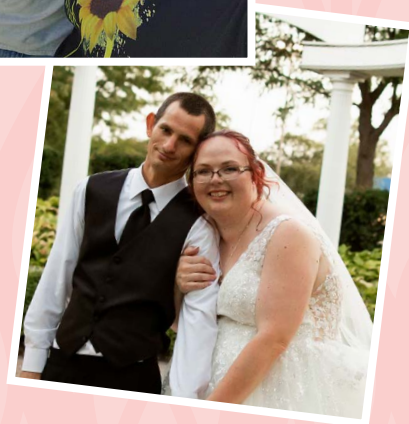

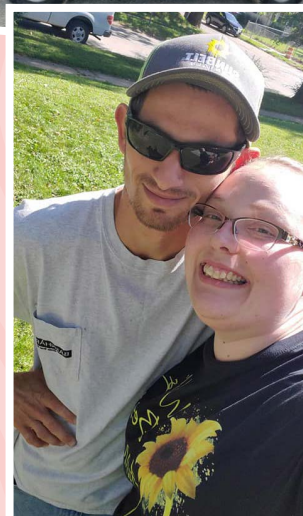

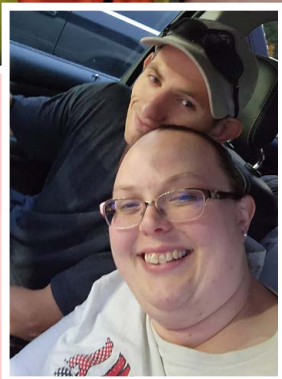

what we love about each other

There are a lot of things that Justina loves about Jeff. Jeff is a kind hearted person who is a true gentleman who always puts others needs before his own. He would give the shirt off his back to help a fellow neighbor, friend or anyone. Jeff is my safe place, my home, my soulmate. When things start to feel like it's too much, just a hug from him will always make things better. When he is playing with our niece he treats her like she is his own child.

There are a lot of things that Jeff loves about Justina. He loves the warmth of her head on his chest on a cold winters night, the aroma of baked goods as soon as he enters through the doors. Jeff loves her smile when he comes home from a long day at work, & the hugs & kisses that make everything else not matter.

Our love for each other is always there even if it is hidden from sight or not loud enough to hear. It is able to resist being blown away by wind, washed away by water or even faded by the intense summer sun. Our love remains intact & carry us through wherever we may roam & the struggles down the path we have taken.

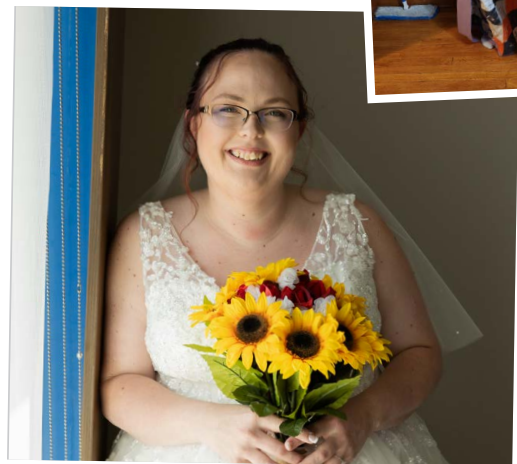

JEFF

TV SHOW: *The Big Bang Theory*
SUBJECT IN SCHOOL: Math

JUSTINA

our family + friends

Jeff grew up in a small town just 30 minutes from where Justina grew up. We didn't know that until we actually met. Jeff's mom raised him, his brother, and his sister with the help of his grandma and grandpa. Jeff's brother is currently engaged, and his sister has five boys. We live 45 minutes from his mom, so we like to help out when we can. Jeff has seven cousins.

Justina also grew up in a small town. Growing up, she was constantly around her cousins and grandparents. She loved climbing on hay bales, playing in her grandpa's barn, and helping her grandma make peppernuts with her cousins. Justina has one sister and one very spoiled niece. We are very involved in her life. We like to take her to the park, painting, playing in her room at our house, or just as simple as blowing bubbles in the back yard. Justina has 13 cousins, and they all have children of their own.

Once a week we like to get our family together for a meal. Jeff loves to cook out on the grill for everyone while Justina loves to make things from sides, salads, desserts & there is always her famous mac & cheese; just ask her niece. During the summer Jeff likes to go fishing or disc golfing with friends while Justina makes cookies for friends & neighbors. Friends & family are always welcome over at any time.

our letter to you

Dear Expectant Mother,

We first want to thank you for taking the time to look at our profile. We understand it is a stressful time. We also understand you are making one of the hardest decisions of your life. We can't even imagine what you are going through physically, mentally, and emotionally.

We know this decision is not easy for you. We are very thankful for the possibility that God has brought you and your child into our lives. We also want you to know we support you in your decision. If you choose us, and if you desire, we want you to feel included in your child's life. We also realize that it may bring up plenty of emotions, but we are here for you. It takes someone like you who is strong, selfless, kind, and loving. We can't even begin to describe how thankful and indebted we would be to you.

We also want you to know that if you decide to trust us to raise your child, they will not be short of love, laughter, happiness, or kindness. We promise to support your child in whatever they do. We will always stand behind them, giving them our full love.

With love,

Jeffer + Justina
