ABOUT US

Hello! We are Adam and Ashley. Adam is a painting contractor; he works for the State and also owns his own painting business. Ashley is a hairstylist but recently decided to take a step back so she could be more involved with our girls. We are a Christian-based home and attend church regularly. We love camping and taking our off-road vehicles out to explore. Adam loves snowboarding, and the girls are excited to be learning. Ashley enjoys cooking and hosting family and friends regularly. We are both extroverts and thrive by being with the people we love! We have a great network of friends we see regularly, with kids of all ages. We spend most Sundays with our family, having BBQs and enjoying each other. We would love for you to get to know us!

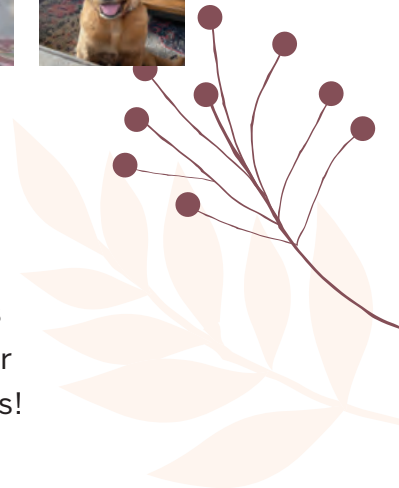

OUR HOME & PETS

We live in a beautiful mountain community in California. Our home sits at the end of a cul-de-sac with a nature park behind us, so there is lots to do and explore. Our backyard is like a park, with lots of grass and trees. We recently hosted our friend's wedding in our yard; it was beautiful! We have two dogs, a golden retriever and our big guy, a mutt we rescued. They are very sweet and gentle and are great with kids!

WHAT LED US TO ADOPTION

We have twin biological daughters, Presley and Kenley, who are ten years old. It was a surprise to be pregnant and an even bigger surprise to learn it was twins! At the end of the pregnancy, Ashley had major complications and almost didn't survive to raise our girls. By God's grace and a miracle, Ashley has had a full recovery but is no longer able to have biological children. We have always wanted more children. If you choose us, your child would help complete our family! We would love your child so much, and our girls are so excited to have a younger sibling!

OUR FAMILIES & TRADITIONS

With our family in the same town—three great-grandparents, three grandparents, aunts, uncles, cousins, and a group of amazing friends all just minutes from our home—your child will have all the support they need to grow and thrive. All our friends and family are as excited as we are to welcome a new baby into our lives!

Sundays are always spent enjoying a meal and fellowship with our family. Family is a huge part of our lives, we are all close. Our friends are like family, hence the nickname “framily.” With lots of kids of all ages! We all enjoy doing our hobbies together, camping and taking our off road vehicles on adventures. We like to be on the move so when we are not camping we are at football games, concerts and traveling to new places!

OUR LETTER TO A

LOVING MOTHER

Dear Expectant Mother,

We want you to know how much we admire your strength and respect your decision to do what you feel is in the best interest of your child. We know that without courageous people like you, we would never have a complete family. We are so grateful! We can't even begin to understand the sacrifices you are making for your child and the challenges you are facing trying to choose the right adoptive parents, trusting that they will love and care for your child always.

Please know that if you choose us, you will always be honored as such an important part of our family and our child's life. We hope you will get to know us so we can show you all the ways we are able to provide your child with love, stability, and endless opportunities. Whoever you choose to raise your child, we are confident you will have made the right decision. If it happens to be us, our hearts will be filled with joy and our family will be complete! We will be praying for you and the baby

With Love,

ADAM & ASHLEY
