

BUILDING OUR FAMILY

Jam
AND
Ram

ABOUT US

We are a happy, honest, healthy, hardworking, and loving couple. We love to talk to people and try to manage our life along with the business. Ram owns a gas station, and Jam owns a local restaurant business. We both love our professions. We love to cook, visit new places, and watch movies together. Jam is a really good cook and likes to cook authentic Indian dishes. Ram loves doing experiments with different food dishes. We enjoy hiking together on our days off; most of the time, we climb nearby spots. We also enjoy exploring new cities that our friends recommend. One of our favorite recent trips was Universal Studios!

OUR HOME

We live in a newly built community in Nevada. Our home has four bedrooms and three bathrooms. It is very cozy and quiet. All our neighbors are super nice, and it's a family-friendly neighborhood. We have good schools, lakes, parks, and local attractions nearby. We love the seasons and landscape that Nevada has to offer; with the snow on hilltops and the sun shining through it. During the summer months, we love the vintage cars nights, hot balloon races, and Nevada Day parade. Christmas in our hometown is magical. Our city decorates the downtown area, and all the state buildings are covered with lights and decorations.

WHAT LED US TO ADOPTION

We tried having biological children, but after several miscarriages, our doctor advised us not to continue trying. We believe adoption is the best choice for us to complete our family with a little one jumping around us. We have built a wonderful home and life together. The only thing missing is a little one to cherish and love.

our family AND traditions

Jam's mother and two brothers currently live in India. We try to talk to them pretty much every day to stay in touch. Jam's mother is wonderful and loves to cook our favorite dishes when we are visiting. We use FaceTime to share holidays and the snow. We are always so excited and grateful when Jam's mother can visit us.

Although we do not have any extended family local to us, we have a lot of friends we consider family whom we spend

time with. We love to celebrate holidays and events together. Thanksgiving, Christmas, and the Super Bowl are our favorite events we all get together for to have a good time. We also try to celebrate some of the Indian festivals together as well, such as Holi (the festival of colors and fun). We usually organize a potluck and host in our home. Jam is always cooking and decorating the house for the parties. In the summer, we all get together in a park and have BBQ lunches.

EXPECTANT MOTHER ,

We cannot express our feelings and gratitude in the small space here. We are very thankful to you for considering giving us an opportunity to bring happiness into our home and to complete our family. We can only imagine how hard it is for you to make this decision for your child. We want to assure you, if you choose us, your child will have a safe and secure future in a loving environment. We want only the best for you and your child. We want to be there to support you during this whole process at any level you're comfortable with. We want you to feel like you are a welcomed member of our family. We would be honored to talk to you and support you whenever you want. We want to let you know that you are like an angel to us.

We cannot express our thanks and our gratitude in words. Your decision can change our lives. Thank you for learning about us and our dream of having a family and for considering us for this amazing gift of parenthood.
