

KIM & ALEX

our adoption journey

ABOUT US

Hi! We're Kim and Alex and we appreciate you taking the time to review our profile! We've been married three years and are extremely grateful for the lives and family we've been given. We believe strongly in living life to the fullest with having compassion, empathy, and love for the world around us. Alex is a loyal, empathetic, and adventurous man who has served in the military and works as a public servant. Kim is a creative, loyal, and compassionate woman who previously worked as an aesthetician and now works as a full-time artist. We both enjoy spending time in nature, hiking, exploring, and gardening. We are blessed with two amazing cattle dog rescues and they are the absolute gems of our world. Hemingway is five and is the most loyal boy a family could ask for. Jasmine is three and is the sweetest little thing we've ever known.

OUR HOME & PETS

We live in a farmhouse-style home on two acres of property. Our yard is full of plants, has a large patio with a hot tub, contains vegetable gardens in the summer, and has an abundance of fenced-in, grassy areas that allow for our dogs and a future child to run and play safely. Our road offers privacy and farm animals nearby, but it's just a quick commute to a cute main street with major restaurants and shopping options just minutes away.

WHAT LED US TO ADOPTION

The two of us met in 2019 and got married 18 months later. Not long after marrying, we started trying to get pregnant. After a lack of success, we visited doctors and were told that due to medical reasons we would not be able to conceive naturally or through IVF. We remain very excited and committed to welcoming a child into our lives and providing a home that is full of love, care, and support for them and our two pups!

OUR PHOTOS

get to know...

KIM

MOVIE: The Secret Life of Walter Mitty, Indiana Jones, Back to the Future

DREAM VACATION: New Zealand

HOLIDAY: Halloween

BOOK: The Places In Between, Tribe, The Great Game

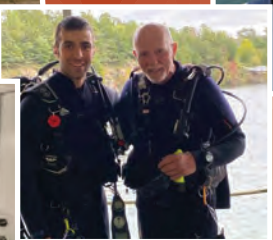

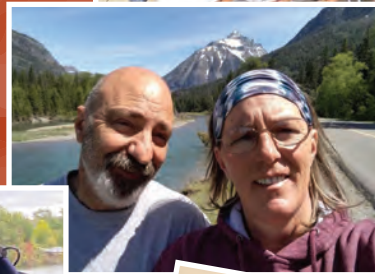

In-

OUR FAMILY & Traditions

We both come from large extended families. Our parents and grandparents have taught us invaluable lessons and instilled in us the importance of relationships, truth, accountability, grace, forgiveness, and love. We are very close with our parents, grandparents, siblings, nieces, nephews, and cousins.

We speak with our families multiple times every week and visit them as often as possible. We routinely get together for birthdays, holidays, and special occasions. We enjoy playing games, catching up on life, sharing our most recent embarrassing stories, and joking around or pranking one another. We love spending time with our four nieces and three nephews, one of whom was also adopted. We are huge animal lovers and our dogs join us for family get-togethers.

Our family holds a very special place in our hearts and lives. We know we are fully loved and accepted. We know where to go for wisdom, counsel, and a good, hearty meal with loved ones. And we know that home isn't a place but a family. We are confident our parents have instilled the skills necessary to become great parents ourselves, and we hope to pass along the invaluable life lessons that have been instilled in us.

Dear

EXPECTANT MOTHER

We are sympathetic and wish to express our compassion for the difficult decision you are considering that has brought you to our profile. We want to assure you that we are wishing to adopt with the intention of sharing our love, affection, and warmth with a child. We are unable to have children of our own. However, adopting a child would fulfill our dreams of starting a family and sharing that love and affection with a little one throughout the journey of life.

We hope you'd consider us as a family that you'd entrust your baby with for the following reasons: We will forever unconditionally love and support the child no matter what; encourage them to pursue their passions and shoot for the stars; teach them high morals, ethics, and responsibility; and always be there for them when they fall down to pick them back up. We will teach them to be caring and empathetic to those around them and emphasize the importance of respecting others and all living things. We'll stop at nothing to ensure we offer the child the absolute best opportunities in life and will vehemently protect them from all dangers life may pose.

Thank you for considering us as a family for your child. We look forward to hearing from you, learning more about you, and sharing more about ourselves as you explore this journey.

With love,

Alex and Kim
