ABOUT US

We love to make each other laugh, and we enjoy hosting family gatherings. Andrew enjoys using his smoker to cook all types of food. We love to be outdoors and going on adventures in our camper with our dogs, Peanut and Pebbles. We enjoy going to the stock show while eating yummy food and watching the rodeo. Amanda is a certified nursing assistant, and Andrew is a grain bin repair tech. Amanda loves to bake with her grandma. Every day we enjoy reading the Bible and being involved with church activities, including teaching children's church. Amanda enjoys scrapbooking, diamond art, and cross stitch. She also enjoys listening to music by For King and Country, and her favorite song is "Priceless." Andrew enjoys playing computer games and fishing when the lakes are not frozen. We enjoy playing board games a couple nights a week. We also enjoy square dancing and traveling all around the state.

OUR HOME + PETS

We live in beautiful Colorado. We have a fenced yard with plenty of room to run and grow. We are walking distance from two parks where we can have birthday celebrations and children can run and play. We live near two schools with K-12. We have a walking trail that is next to the river, where we enjoy taking our dogs to enjoy the sunshine. We have two corgis and three cats. Peanut is five years old and has big brown loving eyes. Pebbles is three years old and full of energy and sass. Cleo is seven years old and very independent. Kitty Kat is six years old and very loving. Shredder is six years old and loves kitty cookies.

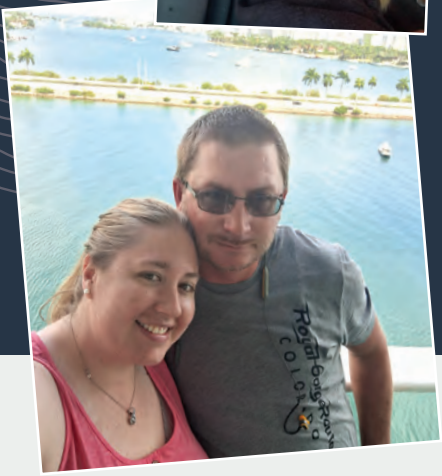

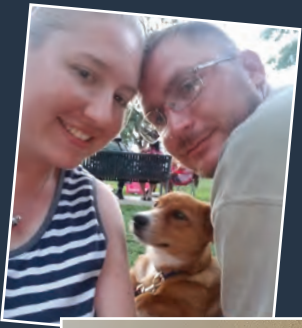

WHAT LED US TO ADOPTION

From the moment we met, we knew we wanted to become parents. The thought of bringing a baby into our home, loving and caring for them, and experiencing new things as a family would be a dream come true. When we started trying to have a baby, we discovered it wouldn't be easy. After a year of trying, many tests led us to discover infertility issues. The chance of having children seemed further and further away. After a lot of prayer and discussion, we feel honored to start the journey of adoption. Amanda's aunt told us the story of being adopted and how she has been blessed her whole life. We are excited to go through this journey together.

our family

AND

Traditions

Amanda's grandma lives with us. She is always willing to watch the dogs if we want to go on a date or an overnight getaway. Most of Amanda's extended family live out of state, but we try to visit them every year or two. She has two sisters and nieces she loves to spoil. Her dad lives a couple hours away, but she talks with him every day. We always look forward to Christmas, where we can do a white elephant gift exchange. When we get together for Thanksgiving, after we have eaten a yummy meal, we love to play board games and watch football.

Andrew's extended family is mostly in southern Colorado. He has one brother and one sister. In addition to getting together for birthdays and holidays, we enjoy going to Nebraska and hanging out at Lake McConaughey. We love to take our boat out on the water and enjoy the scenery. Andrew's dad lives in the city. His mom lives on nine acres. where we enjoy taking our dogs and having a BBQ. He has one aunt who lives in New Mexico, and we are only able to see her for the holidays and special occasions.

dear

EXPECTANT MOTHER,

We are deeply humbled that you have taken the time to consider us to be adoptive parents for your baby. We know we have never met you, but we want you to know we have been praying for you and your baby. We cannot begin to know what you have been through and the path that led you to this difficult decision, but we hope you have peace and are loved.

We have been trying to have a baby for four years but have struggled with infertility issues, so we were led to the blessing of adoption. We have faith that God has put us here for a reason and he has a perfect plan for us. Every day, we say a prayer for all the birthmothers and their courage and selflessness in all the decisions they have to make. We promise to love your baby and always make sure they are cared for. We promise to uphold your child's background and always remind them where they came from.

Not only will they be loved by us but also our family and friends. We are looking forward to family gatherings together, going to the stock show, and watching movies as a family. We will always make sure our child knows how much Jesus loves them and has a special plan for them. Have a blessed day!

WITH LOVE,

Amanda + Andrew
