OUR JOURNEY TO ADOPTION

OUR HOME & PET

We live in a cute split-level home that has an open kitchen, dining, and living room area. We have three bedrooms and a bathroom upstairs. We also have a big yard we like to hang out in with our puppy. We live right by multiple really good schools, including an arts academy down the street. There is a lot of new construction of businesses and houses out by us, including a fun center to go bowling and play at an arcade. We have a lot of little parks by us where our neighbor kids go out and play. We are also within 15 minutes of some great camping spots!

ABOUT US

Hi! We are Emily and Kyle. We met on a blind date. When our friends set us up, they thought we were perfect for each other, and it turns out, after over six years of being married, we agree. We love going camping a lot during the summer, going to football games in Utah and other nearby states, and all things Disney. Kyle works for an equipment rental company. Emily teaches math at a middle school and is also the assistant director for our school's theater program. Emily loves painting, diamond painting, crafts, sewing, and makeup. We love playing games on the Nintendo Switch with our family; we are super competitive. Kyle likes playing with our dog and listening to all different kinds of music. He also LOVES football along with most other sports.

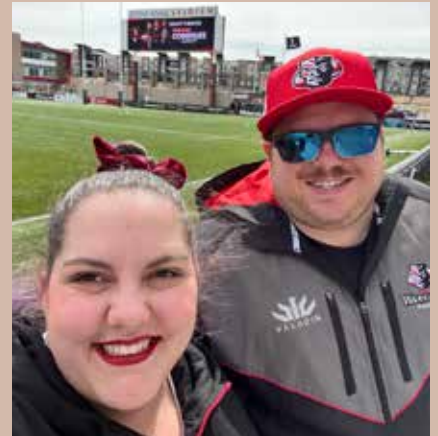

WHAT LED US TO ADOPTION

Our adoption process started about a year after we lost a baby due to miscarriage. Having gone through a couple of these losses, we were exploring all possible avenues to start our family. We are a family of faith, and we prayed to know what way we should go in this process and felt strongly that adoption is the way we should go. As we have been learning about the adoption process, we have become very excited to be able to raise a child and give all of our love to a child.

OUR FAMILY & TRADITIONS

Kyle's family has five members, and he is the oldest of three kids. He has a younger brother who is an excavator operator in the family demolition business. His younger sister also works for the family business as a receptionist. His mom and dad have been married for 34 years. His dad is the president of the company. They love to go camping, travel the world, and go to Disneyland often.

Emily has six siblings, and most of them are married. When we go to family parties, there is a minimum of 16 people, so it's really fun and basically just organized chaos. She has a twin sister. One younger brother and sister each have a one-year-old. (They are only 11 days apart!) Her parents just finished remodeling their house to make it the perfect space to have everyone over for family parties.

We do Christmas pj's with Kyle's family. With Emily's family, we draw names and exchange gifts on Christmas Eve. Kyle's family is in their city parade every year for the Fourth of July, and Emily's family loves to go to a cabin and go four-wheeling as well as spending time at the lake.

DEAR EXPECTANT MOTHER,

We have the deepest respect, compassion, and hope for the future for you and your child. We understand you are going through an incredibly difficult and emotional journey. You are so strong, selfless, and courageous to consider what you feel puts your child in the best place for them.

We are so grateful to share a bit about who we are. We want you to know that if you choose us to be the parents of your child, we will cherish and love them with all our hearts. We are committed to providing a nurturing and stable home where your child will always know they are loved unconditionally. If you choose us, we will make sure your child grows up knowing their adoption story—how much they were wanted, loved, and cared for from the very start. We promise to provide them with a life where they will feel secure, confident, and loved for who they are.

We understand this decision is filled with complex emotions, and we are open to staying in touch if you are comfortable with that. We want to make this process as supportive as possible for you. Whatever your needs or desires are, we will do everything we can to honor them.

Thank you for considering us. We are truly humbled and grateful for the opportunity to share our story with you, and we respect the difficult decision you are facing. Please know that whatever you choose, we are sending you our love and appreciation for your strength, and we wish you peace in your heart as you move forward.

WE ARE SO GRATEFUL TO YOU,

KYLE AND EMILY
