# ABOUT US

Hi there! We are Chelsea and Amber from Georgia. We met in 2017 and have been inseparable ever since. We met at a mutual friend's housewarming party and hit it off immediately- we spent the night talking about our hopes, our dreams, and our future. We were married in 2020 and have been working toward making our hopes and dreams become a reality, starting with a family. Amber is a hardworking advanced EMT who loves helping others. Chelsea works from home doing medical billing, making sure everyone she comes in contact with is taken care of. In our spare time, we love being outside kayaking, riding bikes, hiking, or having picnics in the park. We enjoy trying delicious new foods, going on adventures, and spending quality time together. We are so excited to share our adventures, our love, and our life with the newest addition to our family.

## OUR HOME & PETS

We live in a four-bedroom, two-bath, split-level home full of natural light and tons of beautiful plants! Our house is in a very sought-after neighborhood with even better neighbors, whom we can count on for anything. We are close to several beautiful parks and coffee shops and are located within a ten-minute drive to some of the best schools around. We have a huge backyard on almost an acre of land, which we often use to entertain guests by cooking on the Blackstone, having a bonfire on a chilly night, or playing fetch with our two dogs, Lucy and Chance. We have plenty of friends and family close by and love spending as much time as possible with them!

## WHAT LED US TO ADOPTION

Since we were both little, we have had the dream of adopting. Even thinking about adoption makes our hearts so full and beyond happy. We have unsuccessfully been trying to conceive since we were married in 2020. After nine failed attempts, we decided adoption would be the missing piece to starting our family. We are so excited to start this journey and beyond thankful for the opportunity to raise a child that is not biologically ours—to teach them right from wrong, to teach them everything we know, to provide them with as many life experiences as possible, to support and encourage them in everything they do, to give them every piece of our heart, and to love them unconditionally.

MORE ABOUT

# CHELSEA

**Family Tradition:** Spending Thanksgiving with family

**Musical Group:** Glass Animals

**Movie:** *Gladiator*

**Dream Vacation:** Bali, Ireland

**TV Show:** *Shitt's Creek*

**Subject in School:** Science, biology

Amber is the youngest of three children, and Chelsea is an only child, so between the two of us, we have perspective on what it's like to be an only child and what it's like to have siblings. Most of our family is within a 20-minute drive, which is great since we try to spend as much time with them as possible.

On Chelsea's side of the family, we have a tradition where we will draw from a hat for places to visit. So far, we have been on a cruise through the Caribbean, also Mexico and Saint Maarten. There is something about seeing the culture and the people of another country that make our hearts so full.

Amber has a much bigger extended family, and we love going on vacations together. One of our favorite traditions is getting everyone together for an annual camping trip, typically in the summer because we all love swimming, fishing, or renting a boat on the lake.

If you can't tell by our profile already, spending time with our family and friends is extremely important to us. Everyone is so supportive and so happy to have a new addition to the family.

## DEAR EXPECTANT MOTHER,

The words “thank you” seem too simple to express the depth of our gratitude to you. We understand what a difficult decision this must be, and we want you to know we respect and admire your strength in prioritizing the wellbeing of your baby above anything else. We feel like you exploring adoption comes from a place of love and hope that we will be the kind of parents you’d want your baby to have.

We want you to know that if you choose us to be your child’s adoptive parents, you will always hold a special place in our hearts. We will always be open about who you are and what you went through to give your child the best life possible. We want you to know how much we will love this baby and how we want to not only be the adoptive parents to this child but also their friend. We promise that if we are chosen, we will love them unconditionally and encourage them in everything they set their mind to. We promise we will fill their life with as many experiences as possible and raise them to treat everyone they encounter with respect because you never know what someone might be going through.

We can’t thank you enough for exploring the idea of adoption to make sure your baby is happy, healthy, and loved, and we promise to spend the rest of our lives making sure that’s exactly what we will do.

With love,

**CHELSEA & AMBER**
