

YESICA *and* ANTONIO

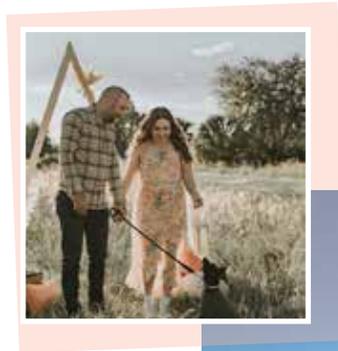

ABOUT US

Hi! We are Antonio and Yesica from sunny Florida. We both grew up in the same hometown, met at our local college in 2012, and started dating in 2013. Antonio is funny, hardworking, and dedicated. Yesica is compassionate, witty, and driven. We have been married since April 2016. Several years ago, we were blessed to return to our hometown, near family and friends. Antonio is a citrus grove manager and likes outdoor activities such as fishing, hiking, and sports. Yesica is a registered nurse and likes to dance, read, and cook. We enjoy spending time with family, beach days, and backyard BBQs. We also enjoy traveling to different parts of the country. Living in a small town, we like to participate in our community events. We go to our local farmers market, art festivals, and sport events. We look forward to raising our children in our hometown!

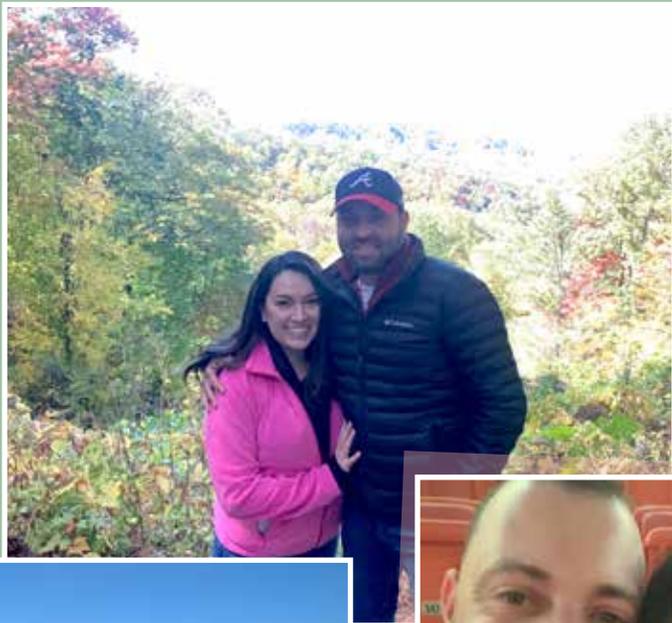

OUR HOME

We live in a rural town in central Florida, 75 miles away from beaches and Disney. Our small neighborhood community is welcoming and friendly. We live in a three-bedroom, two-bath home with an open concept. We have a spacious, fenced backyard that extends to a back lot with a patio and firepit. We plan to create a backyard vegetable garden. Both of our parents live no more than ten minutes away, and our friends live within a 15-mile radius. Our community offers several options for schools. We recently lost our first dog, Gizmo, of eight years. He enjoyed vacations with us, family gatherings, and backyard BBQs. We hope to add another fur baby soon to our growing family.

WHAT LED US TO ADOPTION

We have journeyed through infertility the last eight years. Yesica has a medical condition that has created barriers to conceive. In those years, we have strengthened our relationship with God and our marriage and have built a stable foundation for our family. Through prayer, we feel God has called us to bring a child into our lives through adoption. We have waited this long to create a stable foundation, spiritually, emotionally, and financially. We are excited to share our love and Mexican-American culture with our children.

OUR FAMILY *and traditions*

Our parents live ten minutes away, and we spend weekends together with our moms' home-cooked meals. We gather and reminisce on childhood stories. Antonio has two siblings and 16 aunts and uncles! Yesica has one sister with 18 aunts and uncles.

Antonio's sister lives in California and frequently FaceTimes. Antonio's brother lives in town and visits often. Antonio's large extended family also lives in town. We gather often to celebrate birthdays and holidays with piñatas, bonfires, and food.

Yesica's sister lives on the Florida coast but visits monthly. We keep in touch daily through phone calls or FaceTime. Yesica's paternal extended family lives in different states but meet in Mexico every year in June. Yesica's maternal side plans a yearly trip to someone's home state for a reunion. Our family and friends cannot wait to support us in our adoption!

We blend our Mexican-American culture to celebrate many holidays. During Christmas, we celebrate Dia de la Virgen de Guadalupe with traditional Mexican dances, food, and morning Mass. We also celebrate Dia de los Reyes with a Mexican bread called a rosca de Reyes and exchanging a small gift. We cannot wait to share our blended culture with our children!

To A Loving Mother,

We are immensely grateful and humbled for considering us in the adoption of your child. We cannot imagine what is going through your mind and the courage it takes to consider the decision of placing your baby for adoption. You are strong and selfless to contemplate this journey. We respect you and pray God gives you peace in making this difficult decision. We pray he walks alongside you and gives you wisdom and strength to help you decide what is best for you and your baby.

We want you to know we will raise your child in faith, to learn the value of hard work, and to enjoy the simple things in life.
