## ABOUT US

Hello! We are Chaz and José, and we want to begin by saying how much we admire you for navigating this incredibly meaningful journey. We're grateful for the opportunity to share a bit about ourselves with you.

We're a loving couple who balance each other beautifully. Chaz is outgoing and energetic—a guidance counselor passionate about helping others grow. José is calm, patient, and thoughtful—a civil engineer who brings steadiness to everything he does.

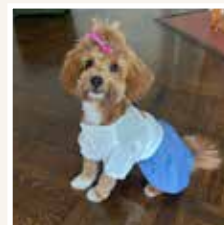

We love traveling and exploring new cultures, whether it's a weekend road trip or a big international adventure. José enjoys gardening, while Chaz finds joy in live music and concerts. Together, we spend our days visiting museums, trying new restaurants, walking our dog, and laughing with family and friends.

## OUR HOME + PET

We live in a beautiful, historic district in New Jersey. Our home is a cozy and spacious four-bedroom, two-bathroom house filled with love, laughter, and room to grow. Our neighborhood is diverse, friendly, and full of life—with tree-lined streets, warm neighbors, and a strong sense of community.

We're within walking distance of excellent parks, thriving restaurants, and highly rated schools at every level, including colleges. Two nearby train stations can take us directly into New York City in just 30 minutes, giving us easy access to all the arts, culture, and adventure the city has to offer.

We also share our home with our sweet dog, Starr—a three-year-old Cavapoo who is gentle, playful, and incredibly spoiled. We're excited to welcome a child into this warm, joyful environment that we've built with so much care.

## WHAT LED US TO ADOPTION

As a same-sex couple, we've always known that growing our family would look a little different. At first, we considered surrogacy, but our hearts kept coming back to adoption. We realized that there are so many children already in the world who need a loving, stable, and supportive home—and we are ready to provide just that.

The idea of becoming parents through adoption fills us with hope and joy. We're excited about the chance to share our lives, values, and traditions with a child. While we haven't adopted before, we've seen how beautiful adoption can be through close friends who have built their families this way. We believe every child deserves to be deeply loved, celebrated, and cherished—and we are ready to be that family.

## OUR EXTENDED *family*

Our lives are also deeply connected to our friends, mentors, and community members who have become like family to us. These are the people who show up—whether it's to celebrate, support, or simply spend time together. Many of them have children of their own, and we already imagine the playdates, birthday parties, and shared milestones that would be part of our child's life. We believe in the power of community, and we are blessed to be part of one that is loving, safe, and rooted in kindness.

Thank you so much for taking the time to read our profile. We know you are facing an incredibly difficult decision—one filled with emotion, reflection, and deep love. Please know that we see your strength, and we hold profound respect for you as you consider what is best for your baby. It's humbling to think that we might be part of your journey, and we are truly grateful just for the opportunity to share our hearts with you through this letter.

We won't pretend this journey hasn't come with a mix of emotions. Like many, we've felt scared, vulnerable, and anxious at times. But more than anything, we are filled with hope—hope that we will become parents, hope that we'll raise a child in a home full of joy, warmth, and stability. If you choose us, please know that your child will be cherished deeply, that their identity will be honored, and that their story will be held with love and gratitude every step of the way.
