about us

We are Cait and Cody. We met in 2020 after being set up by Cait's sister and Cody's best friend who had started dating not long before. We lived in different cities in the beginning, but we loved talking every day and couldn't wait to see each other every weekend. So we made the decision to move in together and got married in 2023. Cody works for our local school district as a maintenance worker. Cait is a retail store manager. Luckily, we both have very similar schedules, so that leaves us plenty of time to do some of our favorite things. We love playing board games, pickleball, disc golf, golf, bingeing shows, and watching sports together. Cody also enjoys playing video games, and Cait enjoys reading. We are very kind and caring people who have become a strong team, and we are eager to bring a child into our family.

OUR HOME & PETS

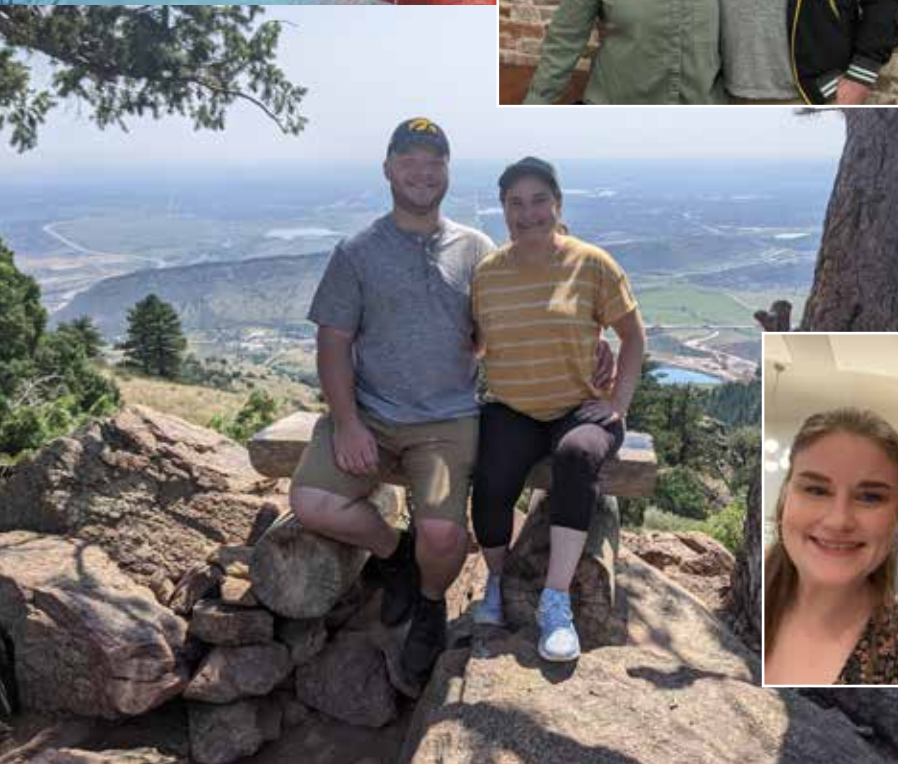

We live in the Midwest in a smaller town not far from several bigger cities that we often visit. Our home is in a quiet neighborhood and within a few blocks of several nice parks. We love walking our dog, Margo, in the park closest to us. Margo is a medium-sized dog who is great with children and other animals. We also have two cats, Brick and Maggie, who are very sweet and love to cuddle. We have a good school system here that Cody is proud to work for.

WHAT LED US TO ADOPTION

We cannot have biological children because of medical reasons. By coincidence, both of our mothers had talked about wanting to adopt children when we were young. Though it didn't happen for them, we were both inspired by the idea. We've seen the wonderful benefits of adoption through some acquaintances and distant family members. We both very much wish to be parents. We look forward to the joys of parenthood, and we are ready to tackle any challenges that may come our way as well.

OUR FAMILY + traditions

Cait has two younger sisters and one younger brother. Her sisters are both married with children of their own. Cait's parents, brother, and one sister live less than an hour away, while her other sister lives only a few minutes away. Whenever we all hang out together, which is at least monthly, Cody and Cait really enjoy seeing our niece and nephews and playing with them. Cait also has a very large group of aunts, uncles, and cousins that we love to catch up with when we can.

Cody has his father who lives about a mile from us. He also has a grandma, aunts, uncles, and cousins that he is really close with. Several of them live nearby. Cait's side of the family loves big Thanksgiving dinners where we can laugh, talk, and prepare food together. Cody's side loves watching big sporting events together, especially football. Our families are so excited for us to become parents, and they can't wait to pitch in.

We know that considering adoption for your baby is very difficult. We admire your decision, and we believe that you are very brave. We respect it and trust that as a good mom, you know what is best for your baby. We would be very fortunate and grateful to be entrusted as parents to your child.

Growing our family through adoption is very important to us. We have thought about it for a long time. We think that we were meant to be parents. We strive to be a family that is full of love, understanding, and fun. We are committed to providing a safe and nurturing home for your child, whom we would always put first. If you decide to honor us by allowing us to adopt your baby, know that they will be loved and cherished for the rest of our lives.

We are open to what you think is best for your child. We would be very happy to help you maintain a connection with your child if that is your wish. We know that the adoption journey is full of challenging emotions, but we are ready to handle them with you. We are open to any questions you may have for us

THANK YOU SO MUCH FOR YOUR CONSIDERATION,

CODY & CAIT
