

Sam & Michelle

about us

We're Michelle and Sam, a devoted couple who have been together for three wonderful years. Our story began in middle school when we met at just ten years old, forming a strong friendship that deepened over the years. We remained close in high school, always supporting each other, and reconnected after college—this time as partners. We are a lighthearted and optimistic couple who love spending time with family, friends, and our cat. Michelle works in healthcare as a business manager and is passionate about family, especially her nieces and nephews. She also enjoys working out and taking walks outside. Sam, a charismatic and empathetic executive account manager in telecommunications sales, loves golfing, exploring new restaurants, and quality time with loved ones. Our bond is built on years of friendship, deep love, and unwavering support. We are ecstatic to grow that love by opening our hearts and home to a child.

our home & pets

We live in Ohio in a welcoming, family-friendly neighborhood. Our home is cozy, spacious, and perfect for making memories. The area offers beautiful parks, scenic walking trails, and recreational activities, ideal for outdoor enthusiasts. Our community has a small-town feel with friendly neighbors and a strong sense of support. We are lucky to be in an excellent school district that we both attended that values education and provides great opportunities for children. We live very close to our parents, siblings, and extended family. We often get together to spend time with family and play with our nieces and nephews. At home, we have a ten-year-old female cat who is friendly and brings us endless joy and companionship.

what led us to adoption

The opportunity to adopt excites us because we believe in the power of family, love, and connection. After experiencing infertility, we decided adoption is the right path for us to expand our family. Michelle's father was adopted as an infant, as well as his siblings, which inspired us to pursue this journey. We are eager to open our hearts and home to a child, offering them the love, support, and stability all children deserve. The excitement of being able to help a child grow, learn, and thrive brings us immense joy. We are committed to providing a safe, nurturing, and loving environment for our future child. We cannot wait to expand our family through the adoption process.

OUR LETTER TO A
loving mother

Dear Expectant Mother,

Thank you for taking the time to consider our profile and for allowing us to share a glimpse into our lives. We cannot imagine the emotions you must be feeling as you make this brave and selfless decision for your child. Please know we deeply admire your courage and strength, and we are so grateful for the love you have for your baby.

Adoption has always been close to our hearts. Michelle's father was adopted as an infant, and his positive experience has inspired our journey. After facing our own infertility struggles, we knew adoption was the path meant for us to build our family. The thought of providing a loving, stable, and joyful home for your child fills us with hope and purpose. We hope you feel peace in choosing us as your child's adoptive parents, and we admire the difficult decision you are making.

Our family is built on love, laughter, and togetherness, always supporting one another. Whether it's creating special moments like birthdays and holidays, attending our nieces and nephews' sporting events, or simply cuddling with our cat, every moment is cherished. We envision a future filled with love, guidance, and memories shared with a child.

We promise to honor your choice by giving your child a life of unconditional love and opportunity. If you wish, we would be honored to foster a connection so your child grows up knowing your selfless decision.

We pray you feel peace, strength, and comfort on this journey.

With love and gratitude,

Sam and Michelle
