## about us

We are Daniel and Stacey. We have been married for 11 happy years! We started dating in 2011, got engaged in 2013, and married six months later. We both love reading, outdoor adventures, and traveling to new places. Our faith in the Lord is very important to us, and teaching Sunday school is one of our great joys. Daniel works hard at construction and remodeling. He also enjoys working with hand tools to build anything, from pieces of furniture to wooden watch boxes. He is strong and kind and will do anything to help out. He loves to tease and laugh but also loves a good history book! Stacey's main focus is being a homemaker, but she also works a small flexible side job when time allows. She loves to cook, play the flute, and learn about other cultures and ethnic foods. She loves deeply and is a great listener.

## our home

We own a condominium on a quiet cul-de-sac, surrounded by other condominium buildings in our association. We have enjoyed updating and decorating our home and making it our cozy haven. Our condo is on ground level with a patio out back, which we have decorated with cafe lights. Beyond our patio is a nice grassy area and a small wooded area beyond that. We have a beautiful park down the street, with a huge playground, walking paths, and a creek. There are so many places in our town and surrounding area to enjoy, from parks and orchards to museums and water parks.

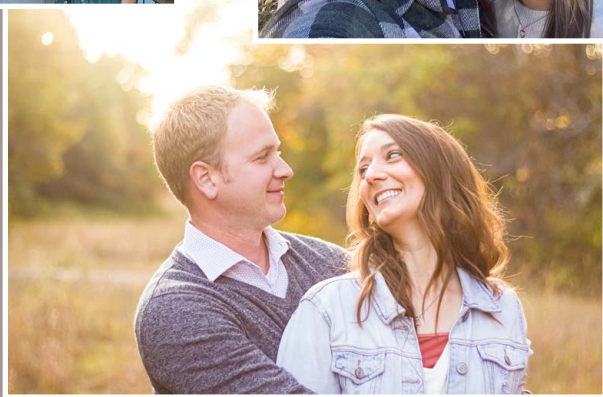

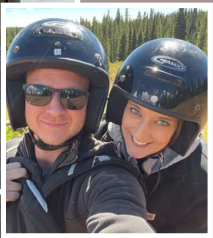

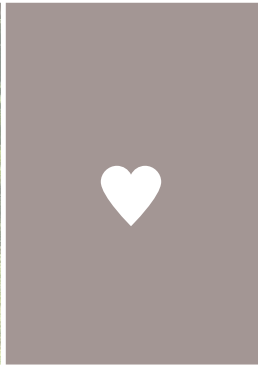

## what led us to adoption

We have wanted to grow our family for many years but have not been able to have biological children. This has led us to think and pray about adoption for quite some time now. We are excited beyond words to be able to grow our family in this way and bring a baby into our home to love and raise! We have so much love to give! We have some dear friends who have adopted two children, and they have such a beautiful family. This has encouraged us that we could give in the same way to a baby whose mother is looking for an adoptive family.

**FAMILY TRADITION:** Florida vacations

**MUSICAL GROUP:** Gospel

**MOVIE:** *The Book Thief*

**DREAM VACATION:** Germany, Austria, Switzerland

**TV SHOW:** *When Calls the Heart*

**SUBJECT IN SCHOOL:** History

stacey

We have close relationships with both sides of our family. They are a huge part of our lives, and we love spending time with them. We go to church together and spend holidays and much more together. Sometimes both sides of the family even merge for a fun holiday! All together we have nine nieces and one nephew, whom we absolutely adore!

Daniel's parents live nearby, and we see them often. Watching football is something he enjoys with them. He has an older brother (married with four children), a younger sister (married with three children), and a younger brother who is newly married. We get together for summer cabin vacations whenever we can. They usually include water activities, lots of sun, and food!

Stacey's parents also live nearby, and we spend a lot of time with them as well. Stacey loves cooking and baking with her mom, and her dad keeps us all laughing. She has one older sister (married with three children), who she considers her best friend. We also get together for summer cabin vacations with Stacey's family, which include lots of food, fishing, and fun! We'd love to incorporate one of our old-time Florida vacations soon!

We are so humbled and grateful to be considered as parents for your baby as you walk through this difficult time. While we can't imagine what a difficult decision you must be facing, we are so grateful for the love and courage that has led you to consider adoption.

Please know that if you should choose us as parents to raise your child, he or she would be loved immeasurably and without end! Your child would never lack a loving and stable home and would be surrounded by all the love we could give and the love of each of our families. Both of our families are very excited to welcome a new little one into the family.

We are very grateful to be able to grow our family through adoption! We believe you have a wonderful gift to give, and we would be forever grateful to you if you were to choose us to receive that gift. We want to assure you that your baby would have the best of care and more love than words can say. We truly believe we are ready and have so much to offer. We know you must be walking through a very difficult time, and we want to thank you for considering us as you make this decision.

*daniel + stacey*
