ABOUT US

We met during college and were happily married less than two years later. We have been married for 14 years. We are now a family of four with two wonderful children. We love to spend time together as a family through sports, gymnastics, music, church, the beach, academics, and family gatherings. Jordan is a practicing dentist and dental practice owner. His schedule allows for an abundance of family time. Jordan has a passion for coaching basketball and supporting his children in living an active lifestyle and is highly invested in their personal development. He also enjoys playing guitar and cooking Korean food! Kaitlyn is an affectionate, loving, and patient mother. It is in her nature to care for others. From early childhood, she always dreamed that she would be a stay-at-home mom. In her spare time as a doula, she enjoys supporting and educating mothers through their birth and postpartum experience.

our home + pet

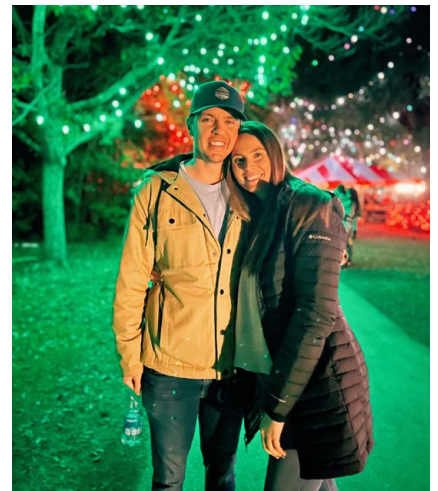

We live in a southern beach town with lots of activities and a great community. We live in a safe, family-friendly neighborhood and have many close friends and family nearby. Our strong school district has many opportunities for extracurricular activities in our town. We have a large backyard, which is great for get-togethers and quality family time. It is also a great space for our two-year-old cockapoo, Remi, to play and run around. Kaitlyn surprised Jordan for his birthday one year with a half-court paved basketball court, and our children love to play on our swing set. The kitchen is the heart of our home.

what led us to adoption

Since early on in our relationship, we have felt called to adopt and have discussed it frequently. We feel God has opened up doors and opportunities for us to finally be able to adopt. Kaitlyn has an adopted brother who has brought so much joy and richness to her life. We feel called to grow our family in this way and would feel honored to provide a home and loving family foundation for your child.

about
KAITLYN

OUR FAMILIES

and traditions

We feel truly blessed to have such a large network of loving family and friends close by to share our lives with. Our parents on both sides live five minutes away and are very involved in our lives. Jordan’s siblings all live in the same state as we do and are very involved in our lives. Kaitlyn’s siblings are spread out but are incredibly supportive from afar. Together we have 21 nieces and nephews, most of whom live in the same town as we do. Our children thoroughly enjoy cousin time spent playing games and sports. We are overjoyed with the growth of our extended family and feel very invested in the success and happiness of our little nieces and nephews.

DEAR

expectant mother

Thank you for considering us as a potential adoptive family to raise and love your child. We pray you will be comforted and guided as you search for answers. We hope you will feel our love and admiration for you as you explore our profile.

It is a guiding principle in our home that our loving Heavenly Father is in control and that He has an amazing plan for each of us. We are committed to maintaining a household environment of safety, stability, and unconditional love to help each family member thrive. Our children are thrilled to welcome another sibling into the fold.

Our hearts are open to receive any child, regardless of race or gender. We are committed to keeping your child connected to their heritage, an essential part of each person's identity. Whether you choose to move forward with us or not, we admire you and your dedication to your child's future. We wish you and your baby all the love, peace, and happiness in the world!

With Love,
Kaitlyn & Jordan
