our story

ABOUT US

We are a professional working couple who have lived in Utah for the past six years. We are a fun-loving, adventurous couple who believe in living life with kindness, curiosity, and a positive outlook. We enjoy each other's company whether we're exploring the outdoors, relaxing at home, or trying something new. Our personalities complement each other perfectly: one of us is the spontaneous, creative thinker, while the other brings a steady, thoughtful approach to everything we do.

In our careers, we both have fulfilling work-from-home jobs that allow us to make a difference and work toward goals that align with our values. We find joy in our work, and it helps us grow both professionally and personally.

OUR HOME

We have lived in Utah for the past five years. Our home has multiple gardens, a large grass area, and a sand beach for kids to play. We live on a third of an acre and are active in community events.

WHAT LED US TO ADOPTION

We believe in the importance of family, love, and laughter, and we're excited about the opportunity to share these values with a child.

We've always known we wanted to grow our family, and adoption feels like the perfect way to do that. We've been inspired by friends and family who've gone through the adoption journey. It has been a patient journey, and adoption feels like a natural step for us. We are ready to embrace the challenges and joys that come with it. We can't wait to welcome a child into our home and begin this amazing journey together.

OUR FAMILY AND *traditions*

We both come from large, loving families. Eric has a younger sister, and I (Jasmine) have an older brother and sister. We are aunt and uncle to one nephew, with another little nephew or niece on the way. Also, we both have a load of aunts, uncles, cousins (and their children), and make it a priority to make quality time during the holidays and special family trips throughout the year. We like going on fun camping, skiing, and outdoor adventures with our family, both young and old, and sitting around great food, talking and laughing about all the memorable moments.

EXPECTANT MOTHER

First, we want to express how truly grateful we are for you. We know the decision you're facing is incredibly difficult, and we want to acknowledge the strength and courage it takes to consider adoption. We are in awe of your love for your baby and the sacrifices you are making to give them the best future possible.

Our hearts are full of emotion as we think about the journey ahead, and we are deeply thankful that you are considering us to be a part of your baby's life. We want you to know that if we are chosen, we will raise your child with all the love, care, and support they deserve. Your baby will always know how special and loved they are, not just by us, but by you as well.

Adoption is a beautiful, though sometimes complex, journey—one that we are ready to embrace with open hearts. We promise to honor and cherish the trust you are placing in us, and we will work every day to be the parents your child needs and deserves.

Please know that we are here for you, and we are forever grateful for your strength, love, and the incredible gift of life that you are giving. Our hope is that, no matter the path, you feel peace in your decision, and that we can honor your wishes in every step of this journey.

With deepest gratitude and respect,

JASMINE + ERIC
