

# BRANDON & KAYLEE

OUR JOURNEY TO ADOPTION

## ABOUT US

We are Kaylee and Brandon from Tennessee. The story of us began as an evolution from friendship to soulmates. We became friends in 2019, enjoying walks around the local lake. We made the decision to take it a step further and began dating in 2020. In 2022 we got engaged and began planning for a future together. Finally, in September of 2023, we tied the knot, marking the beginning of a new chapter as husband and wife. Today as a married couple, Brandon is the Director of Operations for a youth soccer company, where he coordinates soccer tournaments. Kaylee is an HR specialist at a cancer facility, where she onboards new employees. We are very active people and enjoy daily exercise. We also enjoy traveling! Our goal is to see all 50 states by the age of 50! We have completed twelve so far!

## OUR HOME + PETS

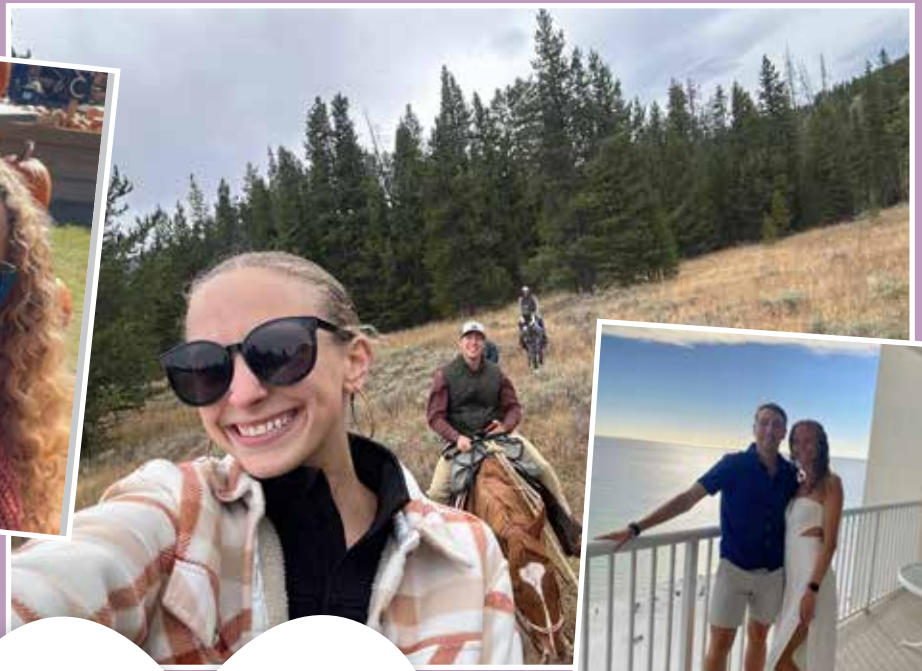

We both grew up in the same town and recently moved into a new neighborhood in the heart of the city! We are minutes away from all of the amenities this town has to offer, from parks to splash pads and recreational fields. We have been able to watch this city grow from what it was to what it is now. We live in a four-bedroom house with a big, fenced-in backyard. We have two wonderful dogs that live with us that have both been rescued. Harley is a white mountain cur, and Bunny is a black Labrador mix. Both the dogs enjoy walking around the local lake, hiking at the state park, and a day in the downtown area.

## WHAT LED US TO ADOPTION

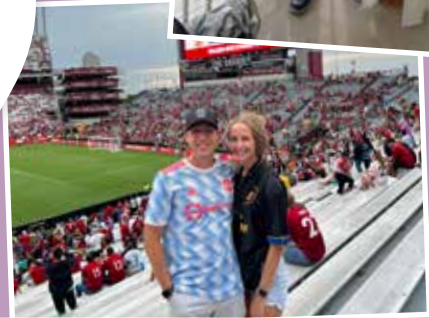

Adoption holds a special place in our hearts, and we are very excited about the journey ahead. We have always wanted to adopt as we have seen its journey firsthand. Kaylee's brother is fostered, and her mother was adopted, which has given us a deep appreciation for the impact adoption can have on a family. Family is not just built on blood but through love. We want to adopt because we believe every child deserves a loving and supportive home, and we feel ready to provide that. The idea of expanding our family through adoption fills us with joy!

**MUSICAL GROUP:** CCR

**MOVIE:** *Saving Private Ryan*

**DREAM VACATION:** Europe for a Manchester United Game

**TV SHOW:** *The Walking Dead*

**SUBJECT IN SCHOOL:** Math

# OUR FAMILIES & TRADITIONS

For the two of us, family is very important. We live very close to both sides of our families. We enjoy spending time with everyone not only on the holidays but also throughout the week!

Kaylee is the oldest of five siblings: four girls and one boy. During family days, the house is buzzing with laughter! Her mother is a middle child of four siblings, and her dad is the youngest of four siblings, so as you can imagine, we had large gatherings for family events! On birthdays, her grandmother would make their favorite thing to eat. As the family has grown, we visit very frequently. We also go on a yearly vacation every October. This past October, we went to Montana and Wyoming to see Yellowstone National Park.

Brandon is the youngest of two siblings. His brother and his wife live across the street, and we walk over and have brunch or dinner every other week. His parents enjoy coming over for family game night. On Christmas Eve, we stay up late playing games and making Christmas treats.

# DEAR EXPECTANT MOTHER

We want to express our deepest gratitude for considering us as potential adoptive parents for your precious child. We understand this is a significant and emotional decision, and we admire your strength and selflessness.

We have always dreamed of becoming parents and providing a loving, stable home for a child. Your choice to explore adoption is an incredible act of love and courage. We promise to honor that love by providing a nurturing, supportive, and joyful home for your child. Our hearts are filled with excitement at the thought of welcoming a new member into our family.

We want you to know that supporting your child's dreams will be at the heart of everything we do. We believe every child has a unique set of talents and aspirations. Whether they dream of being an artist, a scientist, an athlete, or anything in between, we will provide them with the resources, encouragement, and love they need to pursue their goals. We will celebrate their achievements and remind them they are capable of achieving anything they set their mind to.

We promise to create a life filled with warmth, laughter, and endless opportunities for your child. Thank you for considering us and for the trust you would be placing in us. We are truly grateful and look forward to the possibility of this beautiful journey together.

With heartfelt appreciation,

**KAYLEE & BRANDON**
