## ABOUT US

Hi! We're Kayla and Marcus, a fun-loving, down-to-earth couple who genuinely enjoy doing life together. We got married in November 2017 and complement each other in the best ways.

Kayla is an executive assistant who's outgoing, creative, and spontaneous. She loves crafting, planning get-togethers, and brings joy wherever she goes. Marcus is a receiving manager who's calm, organized, and adventurous. He has a quiet strength and a steady presence that helps others feel at ease.

Together, we love all things Disney, attending sporting events, and traveling; whether it's discovering new places or returning to our favorite spots. We also love spending quiet time at home, watching movies, building with Lego sets, and making each other laugh.

Our life is filled with love, laughter, and support. We're so grateful for this opportunity and appreciate you taking the time to get to know us a little better.

## OUR HOME & PETS

We live in a spacious 2-bedroom, 2-bath apartment in the heart of our vibrant suburban community in Florida. We're just a short walk from the beach, parks, schools, and more. One of our favorite places is our wraparound balcony, where we enjoy morning coffee or an afternoon snack while overlooking the community pool.

Our home is also full of love for animals. We have a few furry and scaly friends who add a special energy to our space: our dog, Sunshine, has a gentle soul and a loyal heart, really making everyone she meets feel the spirit of her name. Our animals bring so much joy to us and help make our home educational, lively, and welcoming.

We live in a family-friendly neighborhood with A-rated schools, making this an optimal place to raise a family.

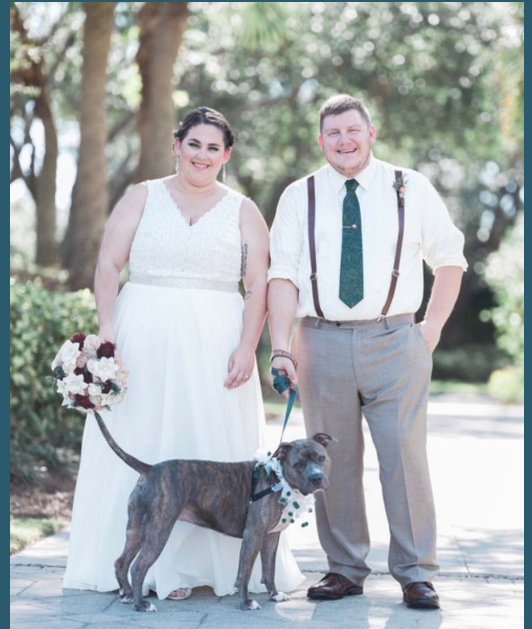

## what led us to adoption

After years of navigating infertility, we've come to realize that our deepest desire is simply to become parents. While our journey to parenthood hasn't unfolded as we expected, it has brought us to adoption — a path we feel truly called to. We've learned that family is not defined by blood, but by love, commitment, and connection. We're excited and ready to open our hearts and home to a child, and we believe that every child deserves to grow up in an environment where they are cherished, supported, and encouraged to be their true selves.

# our families & traditions

Family is everything to us. We both come from large families filled with love, laughter, and tradition—and we're lucky to have relatives all across the country and friends whom we consider family all over the world. We're especially close with our four amazing nephews and Kayla's sweet goddaughter, who bring so much joy and energy into our lives.

One of our favorite things to do is travel with family. Whether it's a beach trip in the summer, a magical adventure to Disney World, or chasing the sunsets out west, we plan several family vacations each year to stay connected and make lasting memories together.

Holidays are a big deal in our home—we love going all out! From spooky Halloween decorations to a full-on Christmas wonderland, our house is always filled with festive cheer. These traditions are a reflection of the warmth, joy, and connection that define our family. From the great-grandparents, to the grandparents, to the many aunts, uncles, and cousins, we can't wait to share that with a child.

dear  
**expectant  
mother**

We can only imagine the journey you're on and the strength it takes to consider adoption. While we may not know each other yet, we want you to know how deeply we admire your courage and the love you clearly have for your child. This decision speaks volumes about your heart, and we hold that with the utmost respect.

If chosen, we would be honored to provide a home filled with love, laughter, patience, and support. We believe in creating a space where a child can grow into whomever they are meant to be, surrounded by people who will cheer them on every step of the way. Our home is warm and welcoming, and our lives are rooted in family, kindness, and connection.

We both come from large, loving families and have built a life together that's grounded in trust, shared values, and a deep desire to grow our family through adoption. We spend our time enjoying simple pleasures — cooking together, exploring local events, traveling when we can, and soaking up time with our pets and loved ones.

Though we can't fully understand what you're feeling, we hope you feel supported, cared for, and at peace in whatever decision you make.

**WITH RESPECT AND WARMTH,**

*Kayla and Marcus*
