A photograph of two women, Katlyn and Katie, sitting on a large, tufted blue leather chair. They are both smiling and wearing black clothing. The background shows a modern interior with a stone fireplace and a blue armchair.

ABOUT US

Hello! We're Katlyn and Katie! We were friends before we were wives, and we love how it happened. We met at a job that we both previously had, and have not stopped talking since. Katlyn is now an outpatient therapist, and Katie is a case manager for older adults. We have a lot of passion, not only for our jobs, but for our hobbies and activities as well. We genuinely enjoy one another's company whether we're doing yard work, running errands, kayaking, or hanging out with friends and family. We love spending time doing outdoor activities and going to the beach whenever we can. We both have a great sense of humor and keep each other laughing daily. We love one another to the fullest, and balance each other out.

our home + pets

We live in a three-bedroom, four-bathroom townhome in southern Pennsylvania. Our neighborhood is five minutes from a state park where we love to go kayaking and walking. We are fairly close to Hershey Park, the Baltimore Aquarium, and Washington D.C. We live in a good school district, and there are lots of kids in our neighborhood. We have two cats, Simon and Lily, who we adore. They love to spend time in the fenced backyard running around and chewing on grass.

what led us to adoption

We have known that we wanted to adopt for a long time, ever since we each knew that we wanted children. With Katie being adopted herself, she has always wanted to adopt children of her own to show the same love and support that she was shown. We spend a lot of time talking about the possibilities and experiences we may be blessed with while growing our family. We knew instantly that this journey of adoption was right for us as we took the initial steps in wanting to grow our family.

Hobby: Drawing, guitar, kayaking

Family Tradition: Christmas and Halloween

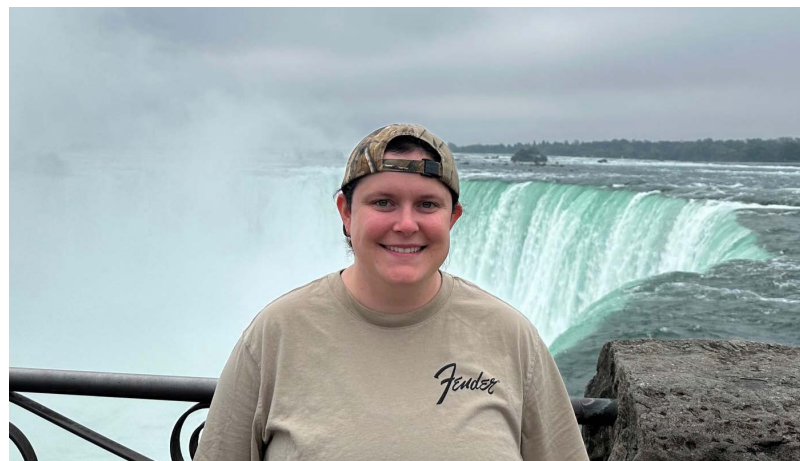

Musical Group: Pop/Rock

Movie: Friday the 13th

Dream Vacation: Australia

TV Show: The Office

Subject in School: Art

OUR FAMILIES

We love our family and friends, and most are within 1.5 hours of our home. Katlyn has three sisters, one who lives in Arizona and the other two who live closer. Katie has no siblings but has cousins who have started their own families. Our families are excited about the possibility of going on vacations and day trips with a future child. Katie's parents like to spend a lot of time at the beach, while Katlyn's parents go on many camping trips around the country. We live close to both sides of the family, and they are excited to have a future cousin, niece or nephew, or grandchild. We spend holidays with both sides of the family and have started some new traditions of our own.

DEAR

expectant mother

Thank you for taking the time to view our profile. We cannot imagine how difficult this position is for you and we are in awe of your bravery in this journey. We cannot express enough how grateful we are to be considered as potential adoptive parents to your child.

If chosen, we can promise you that your baby will be loved so greatly by us, and by all of the people in our lives that love and support us. The possibility of providing our unconditional love to a new life fills our hearts with so much joy. We will always love, support, listen, and understand your child throughout their life. We will teach them who you were, and what choice you made for them and for their life. We will raise your child in an open-minded, loving, and safe home. Your child will be able to openly explore who they are and who they want to grow up to be, with support from us and our family. We want to take your child on trips, create traditions, and encourage them to form relationships with people who will support and protect them during this journey. We can't express how much appreciation we have for you, and please know that we will always be grateful for the decision that you make.

With Love,
Katlyn & Katie
