

growing our family

Jessica + Moise

# about us

As a couple, we enjoy going to church. We serve as leaders in the youth ministry and attend a couples' Bible study group. We're also very into fitness and do our best to live a healthy lifestyle. We're currently learning how to incorporate more at-home exercise routines so we can spend more time with the baby and model good habits in exercise and nutrition.

Jessica is an occupational therapist with nine years of experience and truly loves what she does. Her favorite part is witnessing the progress her patients make and seeing the positive impact her work has on their lives. She is very outgoing, funny, and reliable.

Moise is an accountant with nearly 14 years of experience. He appreciates the stability of his current job, but he's also passionate about becoming a financial coach to help people manage their finances better—regardless of income level. Moise can be described as funny, quirky, and goes above and beyond for those he loves.

## *our home + pets*

We love spending time outdoors and often explore nearby parks and trails. Our location makes it easy to enjoy attractions like Disney World, the beach, the Kennedy Space Center, local shops, and restaurants. There are many outdoor activities in the area to keep us active and entertained.

Our community offers great schools and family-friendly amenities. Our complex includes a fitness center, pool, playground, and a kids' game room.

We have a four-year-old tabby cat named Dolce and hope to add a dog named Gabbana in the future.

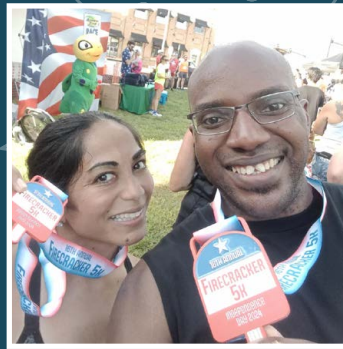

We are blessed with amazing neighbors and are building strong connections within our community.

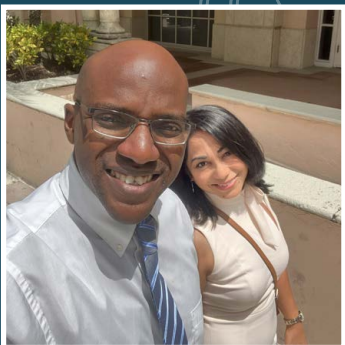

## *what led us to adoption*

Moise was adopted as a baby. After several conversations with doctors at a young age about pregnancy and fertility, Jessica knew adoption was the best path for her to become a mother. It was never a question for her. For both of us, adoption feels like the perfect way to grow our family. It's Moise's way of paying forward the love and blessings he received from his own adoption, and Jessica's way to share her love and wisdom with a child.

# our photo album

**Occupation:** Occupational Therapist

**Education:** Master's of Science in Occupational Therapy

**Race:** Hispanic

**Religion:** Christian non-denominational

**Favorite Food:** Pizza and burgers. However, I limit it to be healthy.

**Favorite Movie:** The original *Star Wars* and *Click* with Adam Sandler

**Dream Vacation:** Quebec, Martinique, Guadeloup

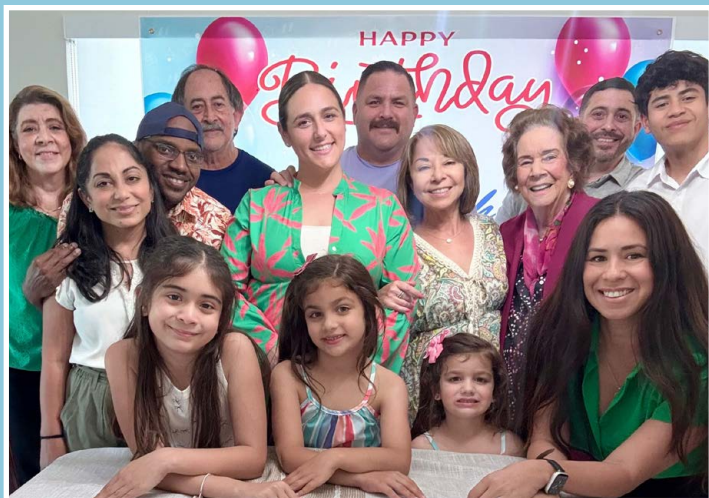

**Favorite TV Show:** *The Neighborhood*

**Favorite Subject in School:** History

## more about Moise

# our family + traditions

We are very close with our extended family—siblings, cousins, aunts—and stay in regular contact through texts and quarterly get-togethers. Jessica's nieces and nephews range from ages 4 to 15, and we love spending time with them. Moise's nieces and nephews are grown, and we frequently visit his cousins.

We love celebrating holidays and birthdays together. For Christmas, we make the celebration all about the kids by doing Secret Santa among the adults. That way, we can use the extra savings to buy more gifts for the children and make their holiday wishes come true.

# our letter to you

Dear expectant mother,

We want to thank you for taking the time to learn about us. We know you are making one of the hardest—if not the hardest—decisions of your life.

Please know that we will love your child deeply and unconditionally, as our own. The love we already feel is indescribable. We will be there through every high and low, providing a safe space where they feel loved, valued, and heard. We will encourage them to become confident, faith-filled individuals who make a positive impact in the world and walk in the purpose God created for them.

Adoption is how we hope to grow our family, and we are so grateful for you. We promise to keep you in our prayers always. Every morning, we pray for our future children and for their expectant mother—for your health, safety, peace, and purpose.

May the Lord guide and protect you. May you flourish and become all God created you to be. We hope to meet you soon and would love to get to know more about you.

With love,

***Jessica + Moise***
