

GROWING OUR FAMILY

Ginny **AND** *Justin*

about us

We met in high school and started dating during our senior year, staying together through college. Upon graduation, we began our careers and were married shortly after. Justin works in finance, and Ginny is a pediatric nurse practitioner. Justin brings practicality and patience to the relationship, while Ginny brings compassion and energy. Twenty years after our relationship began, we enjoy many activities together, whether it is attending musicals and college football games, grocery shopping and cooking, or hanging out with friends and family. If we aren't together, Justin is likely woodworking or playing video games, while Ginny is writing papers or working on her next craft project she found on Pinterest.

OUR HOME & PETS

We live in a four-bedroom, two-and-a-half-bathroom home in the Midwest. You can often find us in our wide open backyard, hanging out with our son, Leo; dog, Ginger; and cat, Daphne. Leo's smile lights up every room he enters and brings happiness everywhere he goes. Ginger is very social and loves to be around people, while Daphne is timid until she gets to know you. Our subdivision is diverse and has families with children of all ages. Our neighbors are friendly and look out for one another, and we enjoy occasional neighborhood gatherings. There is an ice cream shop at the entrance of our subdivision and a variety of parks and trails nearby.

OUR ADOPTION STORY

It is our personal experience with adoption that has led us here as we have witnessed the love and happiness of an adoptive family. Ginny has two adopted siblings and an adopted nephew. Fast forward to us expanding our immediate family with the adoption of our son, Leonardo Alexander, in 2019. The love we have for Leo and the appreciation we have for his birth family cannot be described in words. We are so very honored to be his parents every day and look forward to expanding our family further through adoption. We love that Leo and his sibling(s) will have this shared experience.

Sport: Football, golf

Hobby: Crafts, gardening

Tradition: Sharing our gratitude at Thanksgiving

Musical Group: Green Day

Movie: The Proposal

Dream Vacation: Anywhere with a beach!

TV Show: Grey's Anatomy

Book: Chicka Chicka Boom Boom

OUR FAMILY & FRIENDS

We both come from big families. Justin has two siblings and two step-siblings, along with eleven nieces and nephews! Ginny has three siblings and seven nieces and nephews. Two of Ginny's siblings were adopted as infants, and one of her nephews was adopted into the family as a school-aged child. We appreciate our blended families and look forward to welcoming another baby.

Most of our family members live within a 20-mile radius of each other, which allows us to meet up for dinner or a swim together. We have very lively family gatherings, which often involve playing board or card games, throwing a football, or just laughing and telling jokes. One of our favorite family traditions is spending the night at our parents' houses on the holidays and waking up to have breakfast together.

dear

EXPECTANT MOTHER

To A Loving Mother,

We acknowledge this is a difficult decision for you and hope we can provide you with the support and confidence you need to feel secure in the path you choose. Please know that we recognize the love you have for your baby, and we share those feelings with you. We are grateful for the chance to introduce ourselves, our family, and our home, and we look forward to the possibility of welcoming your baby into our lives. We are open to learning about you and your family, should you desire to share with us. We would like to ensure your baby grows up knowing the strong woman you are.

Your selfless act would provide us with the opportunity to expand our family and offer our sweet Leo a sibling to grow and explore with. Should you decide to place your trust in us to raise and nurture your baby, we would teach them kindness and respect, foster their strengths and talents, and encourage independence and joy throughout their life. We are very excited about the prospect of adopting another baby as it is our personal experience with adoption that has led us to this journey again.

Thank you for considering us to be adoptive parents for your child. We look forward to hearing from you!

With love,

Ginny and Justin
