ABOUT US

We are Mike and Megan. We have been together for 17 years and married for 15. Mike works as a warehouse/fleet manager. Megan works as an equipment machine operator. Mike likes to work on remodeling and building things. Megan loves to listen to music and to cook new foods. We both love spending our off time together, whether we're visiting Disney or traveling. We love to relax in the evenings with our fur babies; kitty cat Iris, and puppy Max and to watch Big Bang Theory. Almost every Sunday you will find us at our local church, where we are active members and volunteers. Megan serves faithfully with the children's ministry, and Mike helps behind the scenes. We also love anything and everything Disney!

OUR HOME & PETS

We live in a three-bedroom ranch home that has a spacious backyard with a pool. We live in a quiet community in a rural area. We are blessed to see horses, cattle, and beautiful wildlife and scenery. We have a black cat named Iris, and a yellow lab puppy named Max that are spoiled and love to play.

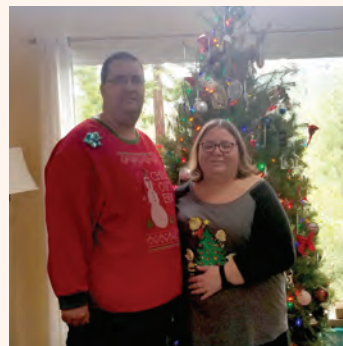

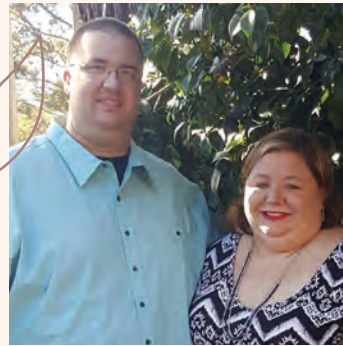

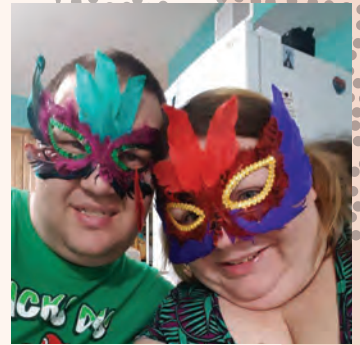

WHAT LED US TO ADOPTION

Our path to becoming parents has not been easy due to infertility. However, we didn't let this discourage us; we filled our lives with our nieces and nephews and have always been their biggest supporters. But something was missing from our hearts—a baby. We felt led to become foster parents to help families in their time of need and to help fill that hole in our hearts, but we have more unconditional love to give. Adoption has touched Megan's life greatly. Her aunt and uncle adopted two children internationally over 20 years ago, and they are the best addition to her family. We truly feel adoption is what God is leading us to in the next chapter of our lives.

OUR FAMILIES & TRADITIONS

Mike has two older brothers, who are married and have a total of five kids between them. We are blessed to spend lots of quality time with them. We love to go to the zoo and just spend time with them on the weekends. Megan has two older stepsisters and a younger brother and stepsister. Megan has two older nephews. Megan's family does not live in the same state as we do, so the time we get to spend together is full of love and laughter and lots of games and food. We try to alternate holidays with both sides of the family as we feel it is important to have memories with all.

OUR LETTER TO A

LOVING MOTHER

Dear expectant mother,

First and foremost, thank you! Thank you for being brave and selfless. Thank you for wanting nothing but the best for your unborn child. We know this decision is not easy and did not come lightly, and we want you to know you are amazing for considering adoption. You are showing your child and us what it means to love unconditionally and to put your child before your own desires. If you choose us, you would be giving our family a gift we can never give ourselves, and we would be forever grateful for you.

We promise to love your child with every fiber of our being and to tell them what an amazing person you are and how you loved them so much and always will. We want your child to know what true love looks like. We promise to raise your child to love all and to be accepting of people no matter what. We are so grateful for the twists and turns in our lives, for without them, we would have never met you! Without you, our lives would not be complete. We pray for you daily!

Thank you again for your selflessness!

With love,

MIKE & MEGAN
