## ABOUT US

Jennifer is kind and energetic and always enjoys a good laugh. She is a hard worker who has dedicated over 15 years of service to the organization where she works as a people and process manager. Co-workers consider her the “go-to” person who can provide direction when challenges arise and keep the atmosphere at ease. Outside of her work life, she also loves cooking, singing, and playing a variety of musical instruments. Roger is outgoing, honest, and full of life, ready for any adventure. He is a go-getter, leading the Wisconsin operations for the organization where he works. Outside of his work life, he also enjoys playing cards, outdoor activities, building projects, and baking from his mother’s recipe book some of the best seven-layer bars his neighbors have ever eaten. We support one another and enjoy each other’s hobbies and interests and spending time with our family and friends.

## OUR HOME & PET

Our home is in a subdivision at the end of a cul-de-sac in a small Wisconsin town. We have wonderful neighbors with children currently ranging from 18 months to 9 years of age. We enjoy neighborhood gatherings with one another and appreciate the safety of living in a low-traffic area. Our neighborhood is also pet friendly, which is great for our four-year-old Australian cattle dog. There are two parks within walking distance and a medium-sized city 5-10 miles away that offers access to plenty of amenities.

## WHAT LED US TO ADOPTION

Roger previously adopted a child who is now an adult. It was beyond rewarding to have the honor of being an adoptive parent. Having this experience and how fulfilling it was gives us excitement to become adoptive parents together. We feel being able to have another child join our family through adoption is such a wonderful gift for our family. We look forward to having this opportunity to share our home and give love to another child.

**HOBBY:** Outdoor activities, carpentry

**MOVIE:** Tombstone

**DREAM VACATION:** Summer trip to Alaska

**TV SHOW:** Yellowstone

**SUBJECT IN SCHOOL:** Social studies, science

**BOOK:** Where the Red Fern Grows

# our family AND friends

Our extended families both originated from rural Wisconsin farm communities. Combined, our family consists of seven siblings, three nieces, ten nephews, 101 first cousins, 35 aunts and uncles, and one grandparent. They are now located throughout the United States, some on farms and some in cities, with the majority remaining in Wisconsin near our hometowns.

We enjoy visiting with our extended family during holidays and annual family picnics held in Wisconsin. Our gatherings

are filled with good, home-cooked food and desserts, card playing, and singing and dancing along with our family bands playing music. We are fortunate to have a good blend of country and city customs mingling at these gatherings.

We also have an adopted daughter, who recently gave us the gift of becoming grandparents to our granddaughter, who is currently 17 months old. They live about 75 miles away, which gives us great opportunities to visit one another. We cherish every moment we get to be with them.

dear

EXPECTANT MOTHER,

We want to thank you for considering giving us the opportunity to open our home and hearts to your child. We have high regard for your choice to create an adoption plan and know it takes selflessness and courage.

We both faced infertility challenges separately, which we shared with one another early in our relationship. As we fell in love and started building our life together, we knew we were destined to bring a child into our family. We hold joy in our hearts knowing adoption and mothers like you provide this chance. If you choose us, your child will receive all our love and the kindness we easily share as well as stability, safety, and lots of laughs. We will also apply our passion for life to provide an environment your child can thrive in and realize their talents. Our plan is to give your child every opportunity to pursue all their interests, support their dreams, and live and learn honesty, integrity, encouragement, faith, and love.

We would be honored to be chosen by you and to have such an important responsibility. Most of all, we are blessed you are you and pray for success with everyone involved.

WITH LOVE,

Roger & Jennifer
