# about us

Hi! We are Jesse and Pam. We met in 2009 and have been married for over ten years. Jesse works in the construction industry and has built some amazing homes. Pam is a CPA and works for the state government. In 2018 we adopted our son, Tyler. He has been such a light in our lives, and we cherish every day with him. We all have a love for sports and anything outdoors. We camp, fish, ride bikes, and play sports in the spring and summer months. During the winter months, we play cards and games (hide and seek is a favorite) and watch movies. We also like to attend various sporting events year round. One of our favorite things to do is simply play outside and enjoy the nature and wildlife on our property. We are ready to continue these adventures and build new memories as a family of four!

## OUR HOME + PETS

We reside in a small rural community where people are friendly and welcoming. We live in a ranch-style house on approximately 16 acres. It has three bedrooms and three bathrooms. We have a big open yard to play in, and our road is a private drive. We have remodeled two of the bedrooms, and we plan to continue to remodel the remainder of the house. We have one furry family member, Gizmo. She is a 15-year-old Chihuahua mix that loves to snuggle and sunbathe in the yard.

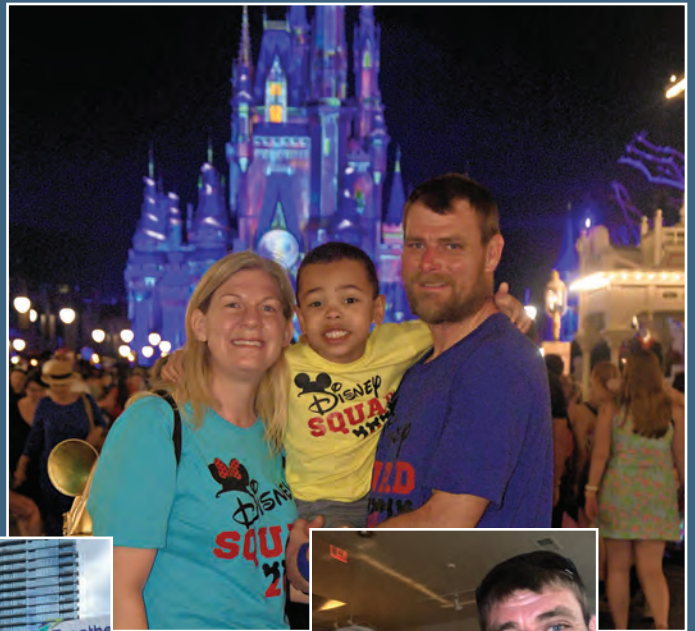

## OUR ADOPTION STORY

We knew very early on in our relationship that we wanted to have children. Before we were married, we had already decided that if we could not have biological children, we would adopt. While finding out we could not have children was difficult, we found comfort knowing we had previously discussed adoption and felt it was God's plan for us. Our adoption journey with Tyler was exciting and amazing. We were contacted the day after he was born and were with him by that evening. We are grateful for Tyler's birthmother, who loved him so much and that she trusted us to love him and take care of him.

**Musical Group:** Luke Combs

**Movie:** *Robin Hood: Prince of Thieves*

**Dream Vacation:** Australia

**TV Show:** *Chicago Fire*

**Subject in School:** Math/accounting

**Book:** *Where the Crawdads Sing*

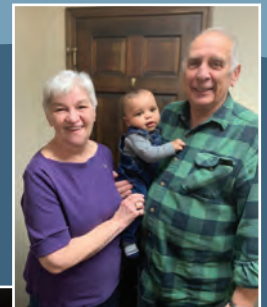

# OUR FAMILY *and traditions*

We have extremely close relationships with our families, and they all live within approximately 15 minutes of us. Our families are our closest friends, and they are supportive of us adopting a second child. Jesse's family is large, and family gatherings consist of food, laughter, and fun with aunts, uncles, and cousins. Pam's family is much smaller, and her parents have been married for over 50 years. Pam's family's functions include sports and a good old game of cards with Pam's parents and brother.

We are fortunate to spend every holiday with both families. Each year, we go on a camping and fishing trip for several days with Pam's parents. It is one of our favorite traditions that gives us quality time together and the opportunity to enjoy the outdoors. We are ready to continue this tradition with our adopted children.

In addition to our extended families, our church family is very important to us. We are very close with many of the members, and they are supportive and excited for us to expand our family.

dear  
**EXPECTANT  
MOTHER**

Thank you for giving us the opportunity to introduce ourselves. We are grateful you have so much love for your child that you are willing to consider adoption for him or her. We hope our profile will ease any concerns you may have about the family your child could become a member of.

We have dreamed about having a family since we started dating. When we found out we were unable to have biological children, we were devastated. However, we know adopting a child is just as rewarding. We understand your selfless act is difficult, and if you choose us, we will raise your child to know your strength and courage. We promise to be caring and compassionate parents who will focus on family, faith, fun, and love. Your child will receive so many hugs and kisses from grandparents, uncles, and cousins, and we assure you that your child will be loved unconditionally and supported in all they do. Thank you for considering us, and you will be in our continued thoughts and prayers!
