ABOUT US

We met as volunteer EMTs and became immediate friends. Our friendship grew, and we soon realized it was more than just a friendship; it was love. We continue to fall more in love with each other every single day. Kaitlyn is currently working as an Ophthalmic Assistant where she has shown her passion for working with people, especially children. James is a state employee where he too enjoys working with others and specializes in training and developing others to fulfill a prosperous career. Once our daily work ends, we enjoy taking time to go on getaway weekends where we can relax and simply enjoy time together. We also enjoy spending time with our two dogs and taking them on walks or playing video games with James' son. Kaitlyn says she "lets him win," but we aren't so sure! Our favorite activity, however, is spending time together and as a family, building lifelong memories.

OUR HOME & PETS

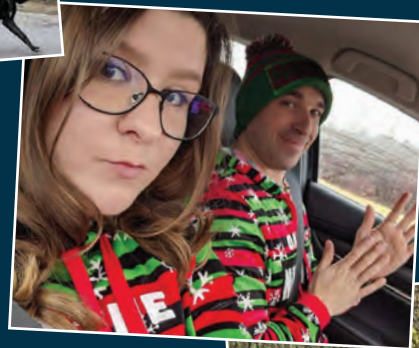

We live in a quiet neighborhood that is not frequented by much traffic. Our son enjoys taking his scooter and/or bike out and riding around the streets when he isn't playing video games. We also take our two dogs, which we rescued from Arkansas and Spain, out for walks. When boredom kicks in, we have a large, fenced-in backyard for our son and dogs to play in and boxes of toys for them to play with! In our amazing community, we have several parks and playgrounds, two community pools, several bike paths and walking trails, numerous shops and stores, and plenty of other activities, like organized sports, karate classes, dance classes, fitness activities, etc. Our community is very outgoing and there are numerous events held throughout the year to participate in.

WHAT LED US TO ADOPTION

We have always dreamed of growing our family and raising a little wonder of the world. After many years of being unable to conceive biological children due to a rare medical condition, Kaitlyn and James instantly knew adoption was the best opportunity to provide love and care for a wonderful little human. Growing our family and raising a child is our greatest dream. We truly hope that through adoption, we will be able to grow our family two feet and two hands at a time.

our family AND traditions

We both have relatively small families compared to some, and they are quite similar to each other. Kaitlyn grew up with her mom, dad, and older brother. James grew up with his mom, dad, and older sister. We both have a few cousins each along with several aunts and uncles.

With each of our families, we would say holidays are probably our biggest traditions. James was born on Halloween, and Kaitlyn was born shortly before Christmas. We think it's safe to say we truly enjoy the opportunity to get our families

together during the holidays and enjoy the time spent together. It is easy to see our enjoyment of the holidays when you pass by our house and see the different yard decorations and themes set up for each holiday! It's one of the things we enjoy most as a family, setting up each holiday's decorations inside and outside the house! Aside from holidays, we enjoy getting away on a family vacation each summer just to get away from the stressors of life and to enjoy some relaxing time together.
