## ABOUT US

Hi! We're Robert and Laura and we are from Pennsylvania. We were introduced to each other in the summer of 2013 by mutual friends while vacationing at the beach and realized quickly, how much we had in common and how much fun we had together. We started dating shortly after meeting each other and were engaged in February of 2017. We married in the summer of 2018 and moved into our beautiful home in the suburbs a week later. Laura is hardworking, funny, and full of fun energy. Robert is dedicated, down to earth, and very active. Laura is a nurse and loves helping people. Robert is an accounting manager for a private equity-backed company and very dedicated to his work. We love going for long walks through our neighborhood and visiting friends and family that live close by, watching our favorite TV shows, eating out at our favorite local restaurants, and traveling to new places.

## OUR HOME

We live in a tucked away, quiet suburban neighborhood in Pennsylvania. Our house is a four-bedroom, open-concept, split-level home with a large backyard and patio to enjoy when the weather is nice. We are surrounded by many parks and playgrounds to enjoy outdoor activities and live in one of the safest and top school districts in the area. Our neighborhood is very family friendly, with kids of all ages. We have many friends and family within walking distance whom we have made so many memories with.

## *what led us to adoption*

Since we met, we have both always talked about our dream of having a family of our own once we were married. We struggled with infertility for many years but have stayed positive, have been there for each other, and have a great support system. Although we were not able to have biological children, we still have so much love to give to a child and decided adoption was the right path for us. We are so grateful for the life we have, both financially and emotionally, and cannot wait to share our love with a child.

## OUR FAMILY & TRADITIONS

We both come from very big, fun-loving families. Robert grew up with a loving mother and father and has two sisters, one older and one younger. He also grew up with more than 20 cousins close in age to him. Growing up, they liked to play sports together, go to the beach in the summertime, and have big family reunions. His favorite family tradition is Thanksgiving, where they all get together under one roof to celebrate the holiday.

Laura has three brothers, one older and two younger. Her parents divorced very early in her life but both raised her into the woman she is today. They remain great friends to this day. Laura and her family loved to go on family trips to tropical islands and cruises. Summers were spent at her family beach house with her 18 cousins. Christmas brunch with her entire family is her favorite family tradition.

We both have tight-knit families we love spending time with. Our families are growing rapidly, adding new little ones every year.
