OUR ADOPTION JOURNEY

ABOUT US

We are outgoing and social butterflies! We enjoy outdoor activities, doing projects around the house, and hanging out with our cuddly puppies. Chris is in the USAF, and Lindsey is a real estate agent. On weekends, we spend time with our close friends and our families. We love to go exploring over the states and even take a ten-day-long trip to California each year. Chris enjoys outdoor trips, and Lindsey enjoys her girls trips every year. We're adventurers who can't wait to have a baby to take along with us!

OUR HOME & PETS

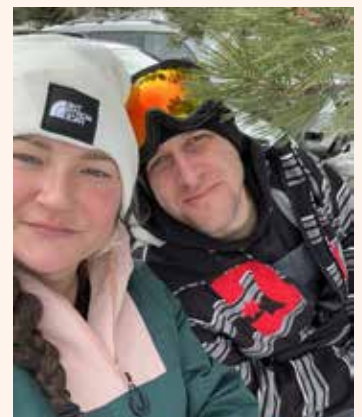

We live in a beautiful tri-level home with four bedrooms and four bathrooms, with a neighboring park. We have a theme park, hot springs, hikes, and so many more fun activities for us to do. Our neighborhood is amazing as all the kids play outside every day. We also have two awesome dogs, a chocolate Lab and a black Lab. They are our fur babies and absolutely adore children!

WHAT LED US TO ADOPTION

We were pregnant with a beautiful daughter named Paisley. In the third trimester of pregnancy, Lindsey lost the baby due to her being stillborn. After this, we were told she is no longer able to carry children. We decided we can give a beautiful baby a loving home through adoption while making our dreams of becoming parents come true. It is on our hearts to adopt because we have all the love in the world to give to a child and want nothing more than to grow our family.

OUR FAMILIES & TRADITIONS

Our extended families are absolutely amazing. With us both having three siblings and plenty of nieces and nephews, we are very blessed to all be close. Lindsey has over 40 cousins who have children and get together each year for a reunion. We celebrate every Christmas together as a whole. We go to Mammoth Lakes once a year with them, and we always make time to catch up and stay in each other's everyday lives. Chris has many cousins as well who also are very close. We go to Oakhurst every year to visit his side of the family as well.

As you can tell, we are very family oriented. Our parents are our greatest support systems. They come to visit us every few months for a week, and it's amazing!

OUR LETTER TO A

LOVING MOTHER

Dear Expectant Mother,

We applaud you for your bravery and the sacrifice you are considering. We have lost a child, so we know the deep love a mother has for her unborn child. We hope we can provide you some comfort when we tell you we will love your child like they are our own and will give them an amazing home.

We hope that through this process, you will grow to love us as much as we already do you. You are strong, you are brave, and you are a mother. Going and growing through this process together will be tough, but we will support you in any way we possibly can. We love you and cannot wait to meet you.

With Love,

LINDSEY & CHRIS
