# about us

We are Nicholle and Joe. We met in 2013 while listening to a local band with friends. We were married in 2015 and blessed with the birth of our wonderful son, Connor, in 2018. Nicholle works part time as a medical aesthetician and enjoys volunteering at Connor's school. Together we own a hardwood flooring company which Joe operates. Joe is hardworking and compassionate, and always puts family first. Nicholle has a natural sweetness and caring nature. Being a mother has been the best and most rewarding experience of her life.

As a couple, we enjoy date nights, trying new restaurants, and kayaking. As a family, we love weekend getaways at our camper, frequenting the parks and pools, and spending time with friends and family.

## OUR HOME & PETS

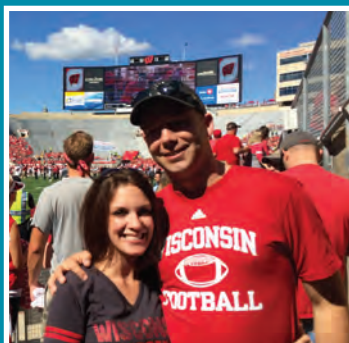

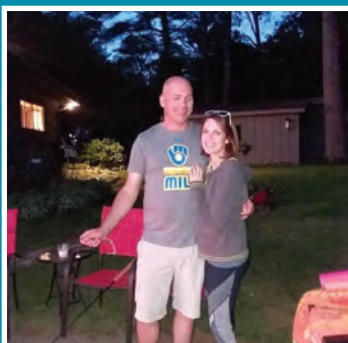

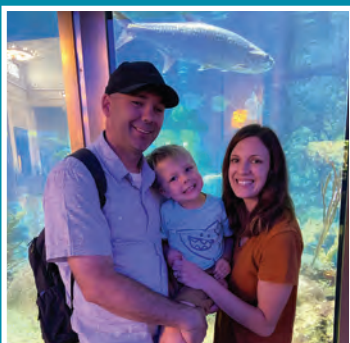

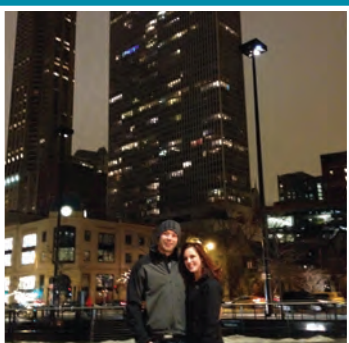

We live in a three-bedroom, three-bathroom ranch home. We have a large playroom filled with toys, a finished basement, a big backyard, and two sweet, playful kitties! We live in a fun, safe, family-friendly neighborhood with lots of kids. Our home is down the street from a large park we walk to often. We are fortunate to live in one of the best school districts in the state, and our elementary school is only two blocks away. Our community is a great place to raise a family with many events, activities, and attractions for children. We enjoy visiting libraries, the children's museum, trampoline parks, pools, and various other activities. We love going on adventures and can't wait for another little one to join us!

## WHAT LED US TO ADOPTION

We always talked about having children and were eager to start our family! Adoption has always been on our minds, so when we knew we could no longer have biological children, we were excited to start this path. We have two amazing nieces who were adopted from birth, and we were able to see firsthand how adoption created a beautiful family. We are excited for our future child to have a wonderful big brother and also have cousins to look up to!

MORE ABOUT

*Nicholle*

# OUR FAMILY + *traditions*

Our family is important to us, and we are all very close. Nicholle has a brother, two sisters, a sister-in-law, a brother-in-law, and four nieces, along with her parents. We all live within a couple hours of each other. Nicholle's mom and sister only live five minutes away and are always happy to help out. Nicholle's mom babysits for us on the days we are both working, which we are very grateful for. From the holidays to birthday parties or just because, we enjoy getting together to share a meal and lots of laughter!

Joe has two brothers, a sister-in-law, and two nephews. They live farther away, but we love visiting each other for long weekends. Some of our favorite things to do together are helping with chores on their hobby farm, exploring state parks, camping, and bowling.

As a family, some of our favorite traditions are going on the Polar Express train ride at Christmas, exploring pumpkin patches in the fall, and camping in the summer. Everyone is very supportive of our adoption plan and excited to add another bundle of joy to the family!

We would like to start by thanking you for taking the time to read our profile and for considering us to raise your beautiful baby. We know the decision to choose adoption must be difficult. We can't even begin to imagine the emotions you are going through at this time. Please just know how much we admire your courage, strength, and selflessness. This shows what an incredible woman and mother you are as well as the care and love you have for your child.

We would be honored to adopt your precious baby and welcome them into our family! They would be surrounded by unconditional love, endless support, and tons of fun and laughter! We can't wait to make more family memories with another little one: fun family vacations, Christmas mornings, and spending time together at home playing games and snuggling together on the couch reading books. There is nothing more important to us than family, and we would do absolutely anything for any child we are blessed to have. We can't wait to add another sweet baby into our family and have the opportunity for our son to be the amazing big brother we know he will be.

We are open to any type of adoption or communication that makes you feel most comfortable. We will do everything we can to help make this process positive and uplifting for you and your child. We truly hope you find peace and comfort in your adoption journey.
