## ABOUT US

Brian started working with Patty's brother, and they quickly became friends. We met as a result of that friendship and have been together for almost 14 years. We are easy going, fun, caring, loving, and loyal people. We enjoy getting together with friends to enjoy bonfires, game nights, or concerts. We get together often with our families for dinners, Greek events, and many other activities. In the summertime, we enjoy spending time at our parents' pool. We also enjoy spending time with our nieces and godchildren. Brian enjoys watching sports, especially The Cleveland Browns. He also enjoys cooking, playing golf and darts. Patty enjoys playing games, baking, shopping, and being involved in various Greek events. We both enjoy traveling and hope to see all 50 states some day. Patty is the General Manager of a family-owned restaurant. Brian is the Director of Logistics for a global supply chain company.

## OUR HOME & PETS

We have lived in a suburb of a bigger city for the past twelve years. Brian was raised in a neighboring city, and Patty has lived nearby since she was fourteen years old. We are in a safe neighborhood, with one of the best school districts in the city. Our home is cozy, filled with love, and our door is always open for our family and friends. We both work one mile from our home. Our home is near many parks, pools, restaurants and other fun activities. We enjoy walks with our nine-year-old golden retriever. He is great with children and loves to play in our large fenced yard. Perfect for your child to run with him too!

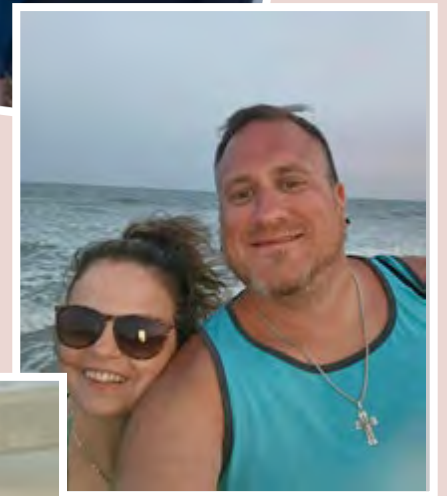

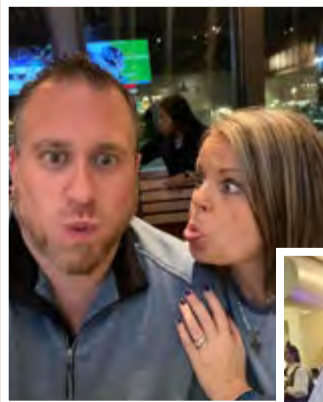

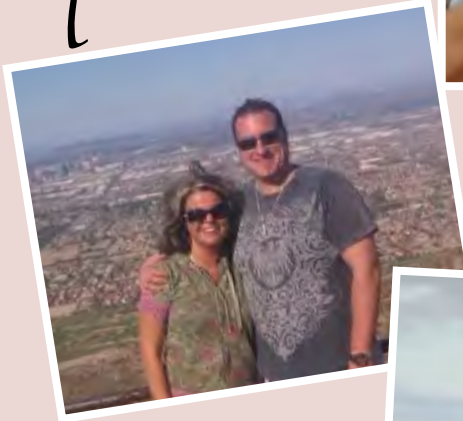

## WHAT LED US TO ADOPTION

We always knew we wanted to be parents. After years of trying naturally, and several IUI and IVF attempts failed, our desire to have a family was still strong. Adoption is an exciting opportunity for us to share all the love we have with your child. We are looking forward to the opportunity to give him or her a home with unconditional love and support. We would raise your child knowing as much about you as you want. We also look forward to raising them with Greek and Italian culture and family traditions, so your child can enjoy all the meaningful and fun family experiences that we were raised on and continue to enjoy.

**SUBJECT IN SCHOOL:** History

# our family

AND

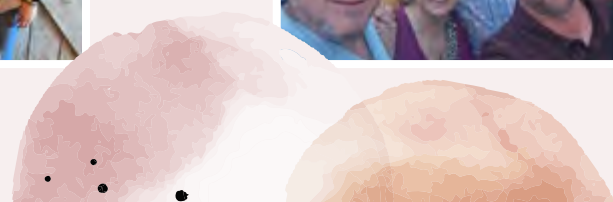

# traditions

Brian has one older sister, who has a five-year-old daughter and a ten-year-old step-daughter with her spouse of seven years. The five year old is in dance and soccer and we enjoy watching her grow up! Brian's parents have been happily married for 46 years. Brian has a very large extended family.

Patty has two older brothers. One brother has a 22-year-old daughter and has been married for six years. Her other brother has been married for seven years. Patty lost both of her parents at a young age but is fortunate to have the love and support of her two brothers and many close family

friends. Patty was born in the USA but was raised in Greece and still has a close relationship with many cousins there.

We enjoy dinners, traveling, and celebrating special occasions together. For any holiday or special event, both sides of our family enjoy including each other. Besides holiday traditions, we also celebrate and attend events surrounding Greek culture. Patty and her family often speak Greek when together, while Brian enjoys trying not to mess up the words he thinks he knows!

dear

EXPECTANT MOTHER,

There is no way to tell you in this profile everything we would like you to know about us. However, if you choose us as a potential home for your child, you will be able to take the time to get to know us and we can get the chance to get to know you as well. And, if you decide to choose us to parent your child, we could continue this journey together at any level you're comfortable with. We can only imagine this is the hardest decision you will make in your life and your comfort with us is so important.

Words cannot express how thankful we would be if chosen. While we would be eternally grateful to you for considering us, we can't imagine the emotions you are going through. The strength and courage you have to make this difficult decision are a testament to you as a mother. We would make sure your child knows where he or she came from while offering you comfort in knowing they will be loved unconditionally.

If you decide to bless us with the opportunity to parent your child, we can make a promise to you. We will do everything in our power to ensure your child is always safe and loved. He or she will never have an emotional, physical, or material need that is not met. Your child will be raised in a safe and happy home and be loved by our large families.

*With love,*

*Patty and Brian*
