## ABOUT US

We are all about teaching. Bo teaches high school English and is the head baseball coach. Becca teaches reading intervention at the elementary level. We both absolutely love working with kids and feel blessed to have such a rewarding profession. We met in college, fell in love almost instantly, and will be celebrating ten years of marriage this summer. Our family loves finding activities to do together. We like going to the pool and park nearby, but we also love simple nights at home watching a movie or playing in the backyard. Over the holiday season, we enjoy traveling, visiting family, and creating new traditions. Spring is one of our favorite seasons as it is filled with baseball games and enjoying the perfect weather. Each night we make it a priority to spend time reading and praying with our girls and spending as much quality time together as possible.

## OUR HOME & PETS

We live in a nice little town where the community is very close knit. We feel so blessed to have a beautiful neighborhood where we like to take walks and enjoy being outdoors. Our school district is very strong, and we love being a part of what we have going here for the kids in our community. There are always exciting fall and spring festivals we go to, where we play carnival games and buy funnel cakes. We also have two dogs that our children love to play with. Marucci is a Yorkie, and Gibson is a Dachshund mix. They get along with the girls great and enjoy having the extra company in the house.

## WHAT LED US TO ADOPTION

We are thrilled about the opportunity to adopt again. We adopted our oldest daughter and have been in love ever since. The adoption process was amazing for us, and we just adore her birthparents for helping us start our family. We still keep in close contact and can't imagine life any other way. Cali is such a loving and sweet girl. Nine months after adopting Cali, we gave birth to another daughter, and they are the best of friends. They do everything together and are inseparable. After experiencing another loss this past summer, we felt called to adopt again. We can't wait for the opportunity to continue growing our family through the gift of adoption.

**Race:** Caucasian

**Religion:** Christian

**Sport:** Baseball

**Food:** Sushi, pasta, sweets

**Hobby:** Reading, baking

**Tradition:** Game nights, holiday traditions

**Movie:** Crazy, Stupid, Love

**Dream Vacation:** Greece

**TV Show:** Schitt's Creek

**School Subject:** Math

# OUR FAMILY & TRADITIONS

We have a very tight-knit family that spends a lot of time together. Bo has a brother and sister plus a step-sister and four step-brothers. His sister has a newborn daughter, and his brother has a one-year-old son. Bo is very close with his siblings, and Becca even considers Bo's sister her best friend. Bo works with his brother at the high school and coaches baseball with him. On Becca's side of the family, she has a sister with two daughters and parents who moved close by.

We love time with family. Everyone is pretty close together, so we are able to go to parks, movies, and sporting events and spend holidays together. Becca's mom babysits the girls twice a week, and they absolutely love going to their "Fa's" house to be spoiled.

We love to get all our cousins together and spend time at our houses cooking out and playing games while the kids get to spend time together. They have developed a very close bond even though all of them are under three years old, and it is so fun to watch.

## DEAR EXPECTANT MOTHER,

Thank you for considering us for this incredible opportunity. We cannot imagine the struggle an expectant mother must be going through. Just know that your son or daughter will be loved and cared for endlessly should you choose us.

We have had the privilege of adopting our oldest daughter, Cali. Her parents are the bravest people we know to this day, and we pray every night, thanking them for the gift they have given us. After having one biological daughter as well, we know for a fact that we love both our daughters the same, and there is no difference between the two in the amount of love we shower them with.

The adoption process can be a difficult one for all parties involved. We incorporate our oldest daughter's culture into our lives and continually tell her how brave her parents are for giving us this gift. She is still too young to understand, but we plan on making very clear how highly we think of her birthparents. We still keep in close contact with them to this day. We send them pictures and call them on Father's/Mother's Day, but we would also respect whatever type of adoption you would like.

We love your son or daughter already and have prayed for them for as long as we have been married. We would always remember you for your sacrifice and for the precious gift you gave us. Thank you for considering our family for your baby.

**WITH LOVE,  
BECCA & BO**
