## *about us*

We are Matthew and Nichole. We met in 2016 and started dating in 2019. We married in 2023. Matthew is an assistant comptroller, and Nichole is a paralegal. During the NBA season, you can find us watching the Nuggets game. We like to travel with our family and friends, golf, watch our son play football, tube down the river, ride our bikes, and host our family and friends on a regular basis. We are very involved in our community and participate in volunteer activities often. Matthew is on the Board of Directors for Volunteers of America, and Nichole is the Vice President of Rotaract Club. We live an active lifestyle where we work hard and play hard, but we always find time to relax with our kids and pets.

## OUR HOME & PETS

We live in a quiet neighborhood in a small city, a block away from an elementary school and a large park. Our home has two floors and a walk-out basement. It has four bedrooms and four bathrooms with plenty of living space. There is also an open kitchen where we both love to cook. Our kitchen allows us the opportunity for nightly family dinners. We have two dogs, a cat, and a chameleon. Freddy is a schnauzer with a big personality and loves to talk. Otis is a goldendoodle. He is very friendly and is a good boy. Milo is a one-of-a-kind, super-large cat. He loves to play with children and dogs. Lastly, Spike, the chameleon is so fun to watch!

## WHAT LED US TO ADOPTION

We are already a mixed family. Nichole has two biological children, Hope and Nevik. Matthew is a great stepfather, and we really hope to have one more child to complete our family. Sadly, Nichole had a stillborn baby after a high-risk pregnancy. After, she had a tubal ligation performed, preventing her from natural childbirth. Ever since we have been together, adoption has always been part of our dream. We are excited for the opportunity to teach, love, and cherish any addition to our family.

## *our family & traditions*

We both have large families and love to see them as often as we can. Nichole's family lives in the same town and a few miles apart from each other. Nichole has a sister, a half-brother, and four step-siblings. Nichole's siblings have fourteen children all together. Nichole is very close to all of her family and sees her mom and sister on a daily basis. Nichole's mom is married. Nichole's dad lives out of state, and he and his wife visit often.

Matthew has a sister and brother. His brother is married, and they have two young children. Matthew's mom is the oldest of nine children, and his dad is one of six children. Matthew's family loves to be together and see each other often. They love board game nights, family reunions, and a yearly wedding to attend.

Our parents love being grandparents. They are very close to all of their grandchildren and enjoy going to their activities. Our families celebrate birthdays and holidays as one. Family is a big part of our lives!
