

JUSTINA & JEFF

ABOUT US

We met in 2017 after talking online through a dating service. After four years, Jeff asked for Justina's hand in marriage with the help of our pets. A year later we got married in front of our family and friends. We are a happy, loving, goofy couple. Jeff works as a tow truck driver, and Justina is one of the head chefs at a nursing home. We love hanging out with our family and friends or just hanging around the house with our dog, Beau, and our two cats, Oliver and Oreo. In our spare time, Jeff likes to tend to his garden, work on house projects, or go disc golfing. Justina likes to go baking crazy, work on one of her many sewing projects, or hang out with our niece.

OUR HOME & PETS

We live in a house on a corner lot. There is plenty of yard space for a child to run around and play. Part of our yard is also fenced in. There are three schools within a mile of us. In the afternoon, our dog, Beau, likes to watch the kids walk home from school from behind our fence. We also have two cats, Oliver and Oreo, who like to sit in the windows and watch the birds fly by. Also in our community, there are multiple parks with playgrounds and a pool nearby. We are members and live within 15 minutes of the zoo.

WHAT LED US TO ADOPTION

We knew we wanted to have a family right away. After rounds of fertility treatments and nothing working, we took some time to regroup. We debated doing more rounds of treatments, but we decided to look at other options. We have a lot of love in our hearts to give to a child, so we decided to look into adoption. We kept telling ourselves that when God closes one door, another one opens. We figured if we couldn't have any biological children, then God meant for us to adopt.

OUR FAMILY & TRADITIONS

Jeff grew up in a small town just 30 minutes from where Justina grew up. We didn't know that until we actually met. Jeff's mom raised him, his brother, and his sister with the help of his grandma and grandpa. Jeff's brother is currently engaged, and his sister has five boys. We live ten minutes from his mom, so we like to help out when we can. Jeff has seven cousins.

Justina also grew up in a small town. Growing up, she was constantly around her cousins and grandparents. She loved climbing on hay bales, playing in her grandpa's barn, and helping her grandma make peppernuts with her cousins. Justina has one sister and one very spoiled niece. We are constantly either hanging out with her, talking to her, or taking her places. Justina has 13 cousins, and they all have children of their own.

We live 30 minutes from her dad, and Justina works with her mom. Once a week, we like to get together with her family for supper. We try to get together with Jeff's uncle and grandma on holidays for supper and games. No matter what we are doing, we are always laughing and having fun.

DEAR EXPECTANT MOTHER

We first want to thank you for taking the time to look at our profile. We understand it is a stressful time. We also understand you are making one of the hardest decisions of your life. We can't even imagine what you are going through physically, mentally, and emotionally.

We know this decision is not easy for you. We are very thankful for the possibility that God has brought you and your child into our lives. We also want you to know we support you in your decision. If you choose us, and if you desire, we want you to feel included in your child's life. We also realize that it may bring up plenty of emotions, but we are here for you. It takes someone like you who is strong, selfless, kind, and loving. We can't even begin to describe how thankful and indebted we would be to you.

We also want you to know that if you decide to trust us to raise your child, they will not be short of love, laughter, happiness, or kindness. We promise to support your child in whatever they do. We will always stand behind them, giving them our full love.

With Love,

JEFF & JUSTINA
