ABOUT US

Hello! We are so happy you are reading this. Our story began in 2016 when Conor was stationed in Kansas, where Tabbie grew up. Tabbie asked Conor out to dinner after a rough day of teaching, and eight years, two moves, two corgis, and one child later, here we are. Tabbie is a fourth grade math teacher. Conor graduated from the United States Military Academy and is a captain in the Army. In our free time, we love walking our two corgis (Audie and Murphy), cheering on our favorite football teams, visiting family and friends throughout the country, and swimming with our daughter.

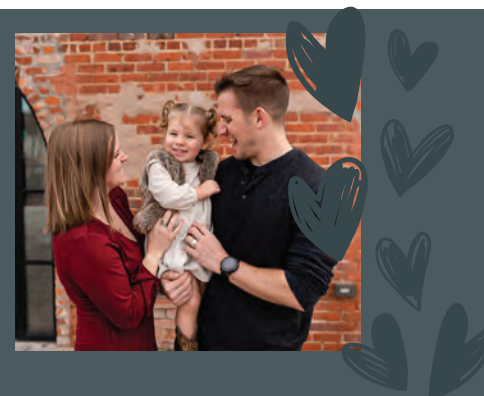

OUR HOME & PETS

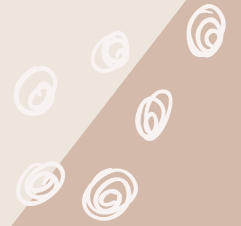

We live in a two-story, three-bedroom home located in Central Texas, in the suburbs of a big city. Our neighborhood borders a park where we routinely walk the dogs while Emma picks flowers or finds pretty rocks. The neighborhood is quiet and has many children who enjoy riding bikes, drawing with chalk, and simply being outside. Tabbie works just a few miles away at one of the many elementary schools.

WHAT LED US TO ADOPTION

From the beginning of our relationship, we both have had an interest in adoption. Adoption is something we witnessed firsthand with Tabbie's brother, who adopted one of his daughters. Being a part of that story has only increased our desire to build our family with another child for us and a sibling for Emma. After trying for another child naturally, we feel as though it's in our hearts to adopt to complete our family.

OUR FAMILY & TRADITIONS

Tabbie is the youngest of two siblings and is incredibly close with her parents, grandma, older brother, and five nieces and nephews. Tabbie's family extends to close family friends who have been a part of her life since she was a baby. Tabbie's family continues to do many things together on a regular basis, including dinner at her grandma's every Tuesday since she was a kid. They spend every holiday together and truly enjoy each other's company.

Conor is the second of four siblings and maintains a close relationship with his parents and three siblings despite the geographic differences. Conor and all of his siblings have served or still serve in the military, so while getting everyone together for the holidays was difficult in the past, his favorite family tradition was going to the Army-Navy game every year, a tradition that Tabbie loves almost as much as Conor does.

DEAR EXPECTANT MOTHER,

We are so excited and honored you are taking the time to read this letter! We are truly privileged you are considering us in your journey and cannot commend you enough for your bravery, selflessness, and strength throughout this entire process. We would be forever indebted to you for the chance to show your baby the warmth and care of our family.

Our life is very exciting, and we enjoy providing opportunities for our daughter. We love to dance, play, be silly, and enjoy life to the fullest! If you choose us, we promise to raise your child with love, laughter, honesty, integrity, courage, and selflessness. Your baby will have a large family, lifelong friends, and opportunities to travel the world. They will be well cared for, encouraged, and resilient. Being a military kid, they will get to experience travel and different cultures and will become a well-rounded person.

Both our upbringings were very family oriented, something we truly value in our marriage. Your baby would experience having extended family who show an outpouring of love. Both of our families get along with each other amazingly well and even celebrate holidays together! Your baby would get to experience large family gatherings, many cousins, and families who truly love each other.

WITH LOVE,

TABBIE & CONOR
