

# NOAH & BECKY

# about us

We have been a loving couple for over ten years and share many interests in common. We are very supportive of each other's hobbies and activities, encouraging one another to explore what we are passionate about.

**Becky** - I am a patient, grounded individual with a passion for traveling, art, and spending time with family. I grew up in New York, where I earned a Master's Degree in design management. I own and operate my own yoga studio, which has been in business for ten wonderful years. I am very grateful for every happiness in my life.

**Noah** - I have a fun-loving personality, and spending time with my loved ones is very important to me. I earned a college degree in horticulture and have owned and operated my own plant health care business for almost four years. My major interests include music, travel, and spending time with family and friends.

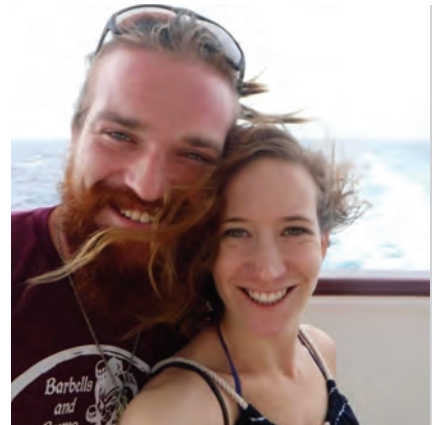

## OUR HOME & PETS

Our neighborhood in Pennsylvania is special because it offers diversity. We live in a rural part of the state, but we are also close to many wonderful, larger cities. The home we live in is very comfortable and close to many amenities including local schools, stores, and restaurants. We live with two wonderful cats! Their names are Max and Leo, and they both love being pet, picked up, and played with.

## WHAT LED US TO ADOPTION

We have been actively trying to start our family since 2018. Our fertility journey has been challenging and has included multiple unsuccessful rounds of IVF. We know in our hearts that we are ready to raise a child. Although we have struggled with infertility, we are both very hopeful people and are grateful for every moment that we have with each other and our families. It is our wish that adoption can offer us the opportunity to welcome a baby into our lives, making our dream come true.

**MUSICAL GROUP:** Sublime

**FAVORITE MOVIE:** Wayne's World

**DREAM VACATION:** Galápagos Islands

**FAVORITE TV SHOW:** Futurama

**FAVORITE BOOK:** The Hitchhiker's Guide to the Galaxy

# OUR FAMILY

## and traditions

We both have large, wonderful families and we love spending time with them. Both of our families are very supportive of us and our journey to adopt a baby.

**Becky** - My immediate family includes my father, stepmother, two sisters, and a brother. I am very close with all of them! I have a special bond with my three nieces and two nephews, all of whom I adore and speak with almost every day. My extended family is made up of aunts, uncles, and close family friends who are all very important to me. Not all members of my family live locally, but we try our best to plan family visits, vacations, and special times to catch up.

**Noah** - My immediate family includes my father and his girlfriend of 20+ years, my mother, four brothers (including one foster brother), and two sisters. One of my sisters is currently a sergeant in the U.S. Army. We are a tight-knit family and see each other often at casual events, such as family barbecues. I have four nephews and four nieces and am very close with all of them.

Dear

**EXPECTANT  
MOTHER,**

To A Loving Mother,

We want to thank you from the bottom of our hearts for your empathy, your kindness, and the sacrifice you are considering. We are truly grateful to you. We understand your personal journey has included many challenging decisions. We want to share with you that this baby will be deeply loved by both of us and our families forever if you choose us.

Our infertility journey has led us through many different emotions, ranging from hope and excitement to confusion and despair. Through all of it, we have carried confidence and faith with us, knowing our family would one day become a reality. Although we do not yet have a baby in our arms, we feel we have been parents in our hearts for a very long time. We have so much tenderness to offer a child, and we plan to provide your baby with every possible opportunity for wellness, prosperity, adventure, and love.

We are deeply honored that you are considering us as adoptive parents. We wish you all the happiness and success in the world on your personal journey.

**WITH LOVE AND GRATITUDE,**

*Becky and Noah*
