# about us

We met in 2018 at the gym. We hit it off immediately and quickly began dating. When COVID hit, our relationship grew tremendously. It was also the dawning of our business, a small personal training and nutrition studio. Wayne (a personal trainer and athletic coach) is the gym's superstar, while Christina (a full-time dental hygienist) handles the business management and nutrition counseling. We got married in 2021 at a cabin in the mountains of North Georgia surrounded by our closest loved ones. We love to travel and have had many adventures together. We can't wait to travel with a little one in tow! We are also big foodies. Whether we are trying new recipes at home or exploring local eateries, both around town and abroad, food is love for us! Christina loves hiking and Wayne loves sporting events so that often happens on the weekends. If not that, we enjoy game nights with friends, meals with family, or just soaking up laughter with loved ones.

## *our home and pets*

We live in Georgia with our two dogs, Niko and Chloe. They are both rescues and fill our lives with so much joy. They love going on hikes with us, and Chloe is Christina's best running partner. They are both very cuddly and friendly. Niko thinks he is human and loves anyone who gives him affection. Chloe is a little dynamite of energy and loves running laps in our large yard. We live in one of the most diverse counties in the South, and we love that. We are close to everything! Grocery stores, malls, activity centers, hiking trails, and an abundance of parks and playgrounds are all within an easy driving (some walking) distance from our home.

## *what led us to adoption*

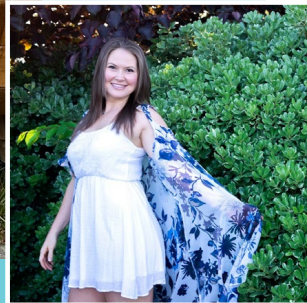

Starting a family has always been a shared aspiration for us. Christina knew she wanted to adopt a child someday and was very vocal about her desire to do so, regardless of if she had a biological child or not. Wayne was fully supportive from the beginning. We tried to conceive naturally before turning to fertility treatments. After several unsuccessful rounds of IUI and a miscarriage, we decided to pursue adoption. We were tired of the stress and disappointment associated with fertility treatments and knew adoption was the perfect path for us. We are thrilled to embark on this new chapter and are excited to experience the world anew through the eyes of a child! We will cherish every moment of the journey ahead.

## + traditions

Wayne has one biological daughter. She is 22 years old and a college student. She wants to be a teacher and coach lacrosse or cheer because she did both throughout her youth. He also comes from a big family with three brothers, two older and one younger. His dad passed in 2016, and his mom lives close by with his younger brother and his wife and kids. We see all of them often. Wayne has several cousins and uncles who all live on the East Coast. Everyone is very close, and we spend holidays and summers with them often.

Christina was raised an only child by her mom. She has a brother from her dad but did not know him until he was an adult. Christina's mom passed away in 2011. She has an uncle and cousins that she is very close to and sees often. They all live a couple of hours away in North Carolina

Family is very important to both of us. Wayne's family is big and full of energy, and Christina's family is smaller and intimate. We have the best of both worlds when it comes to family! Both of us are very close to each other's family members, and everyone is so excited to welcome your baby with ample love to give!

**To a loving mother,**

We want to start out by saying thank you for taking the time to look through our profile and getting to know us a little better. We can only imagine what you are going through as you sift through families to select the “perfect” parents to raise your baby. We hope our portfolio gives you a glimpse into our lives and the life your child will have with us if you choose us. You could be blessing us with the gift of parenthood and the opportunity to grow our family through adoption.

We have prayed for you, and we will continue to pray for your strength and comfort throughout this journey. Your decision, if you choose us, will bless our family and allow us to share our joy for life with your child. We promise we will ensure that your baby will always know love was the reason for choosing adoption. We cannot wait for the day that we meet and are blessed with the opportunity to raise a child together. We promise to love and support your child throughout their life and ensure that God is the foundation in our home.

Thank you again for considering us to become the parents of your child. We are truly grateful for you and have been praying for you every day since embarking on this journey.
