## ABOUT US

Our love story began when we met at work many years ago. We became best friends before we started dating. Shortly after getting married, Eunice decided to go to nursing school. Becoming a nurse was a dream come true for Eunice as she could demonstrate her empathy and compassion for others. Eric has worked for the same corporation for over 30 years in various positions and currently works as a maintenance technician. His knowledge of repairs and maintenance overflows into our home as he uses his skills around the house. We became parents through adoption almost five years ago. Ella Grace has been the greatest blessing in our family. She has a great heart and personality. Her favorite thing to do is dance and sing. We enjoy our family time on the weekends and attend church on Sundays. Our family dog, Daisy, is sweet and lovable and enjoys belly rubs.

## OUR HOME & PETS

We live in a single-level, four-bedroom home in California. We live in a quiet neighborhood surrounded by friendly neighbors and growing families. Our house is located across the street from an elementary school that is part of a great school district. The school provides a structured and advanced curriculum to deliver the knowledge the children need. Our daycare provides the basic preparation for children to start school with caregivers who love children.

## OUR ADOPTION JOURNEY

Our journey to parenthood was a difficult one as we struggled through the challenges of infertility. It soon became apparent to us that choosing adoption was the best option for our family. Our amazing experience with adoption made us realize we wanted to add to our family and give our daughter a sibling. We have truly been blessed in so many ways, and we hope we will soon be blessed with a wonderful addition to our family.

# our family & friends

Our family members are supportive of our adoption process and excited about adding a new member to our family. Eric has his family in Virginia, consisting of his mom, dad, older brother, and sister-in-law. In spite of the distance, our family communicates often and has a close relationship.

Eunice has three siblings: one sister and two brothers. Her mother plays a major role in her life and encourages Eunice to grow her family. Eunice has a large extended family of aunts, cousins, nieces, and nephews. Family gatherings allow everyone to connect and create special memories. We treasure our relationship with our 13-year-old goddaughter, who has become very close to Ella Grace. They love each other just as much as sisters do. Our closest friends are an extension of our family. They provide full support of our growing family.

# To A Loving Mother

*Dear Expectant Mother,*

We know this is a challenging time while you are trying to make the best decision for you and your baby. We admire you for considering adoption, and we are eternally grateful for your courage. If you choose this path, we will provide you with love and support throughout your journey.

Our plan is to raise your child with all the care we can provide. Your child will be given a safe, happy home with every opportunity possible to pursue all their unique ambitions and desires. Education will be a major component in raising your child as they explore all their abilities and attend an extraordinary school in a great school district. We will provide your baby with encouragement, faith, devotion, honesty, creativity, and unconditional love.

Know that we are praying for you and your sweet baby throughout your pregnancy that God will fill you with peace in whatever decision you make. We promise to always strive to provide a loving, nurturing home with lots of family and friends to surround your baby.

*With Love,*

*Eric and Eunice*
