

CODY AND JOSCELYN

ABOUT US

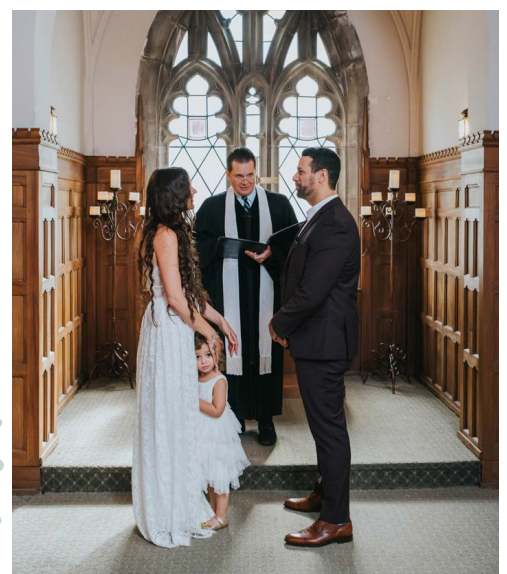

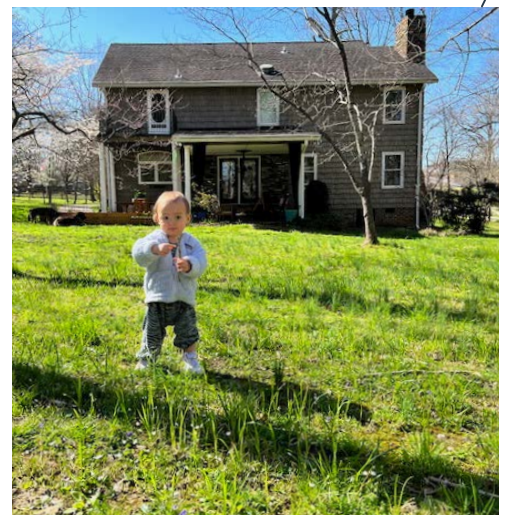

We're Joscelyn and Cody, and we're so happy you've come across our profile! Joscelyn has been singing since childhood and landed a record deal at 14 years old; it has been her career and passion ever since. Music is a big part of our everyday lives. Most mornings we crank up the soul music and dance around the kitchen. Joss also loves to bake breads and cakes and cook meals from scratch every day at home for family and friends—she sure stays busy. Cody served as a Marine and in the Air Force. Being a true protector at heart makes him the best dad a kid could ask for. He is kind and smart and always thinking ahead with a positive attitude and belief that nothing is impossible. Cody's passion is snowboarding, and he is a great teacher to both of our kids who have already been on a board and absolutely love it.

OUR HOME & PETS

Our home in Tennessee is just outside of Nashville, nestled on 2.5 acres of magical woodlands. We have a veggie patch where we like to grow tomatoes, carrots, herbs, and all sorts of other things. Hummingbirds, deer, rabbits, and all sorts of wildlife visit us. The neighborhood is safe and quiet—unless we're blasting disco music in the mornings of course. Our home in England sits on eight acres of farmland, horse stables, an orchard and a walled garden, and three ponds the ducks frequently visit, only a few minutes from Grandma Wendy.

WHAT LED US TO ADOPTION

For us, adoption was a "must" before we even met. The fact that Cody is adopted is such a blessing for our family. Because adoption has been such a positive experience for our family, we want to continue down this journey. Joscelyn has always wanted to adopt and even more so since she visited orphanages around the world. When we met, all of our dreams seemed to line up. It was quite the magic moment when Joscelyn received the message from Cody saying, "All I want is an adopted baby and a beagle." Babies and dogs and a lot of love to go around—what more could we want?

OUR FAMILIES & TRADITIONS

Cody is one of two, and Joscelyn is one of four siblings. Both our parents are very much involved with the kids and love them dearly. We have had some wonderful times spending holidays together. All of Joscelyn's siblings have had babies at the same time, so that's a lot of fun when we all get together.

DEAR MAMA,

Thank you so much for taking the time to get to know us better. We can only begin to imagine what you are feeling right now. Trust your gut. Only you can know what is right for you and your child. Your selfless love will stay with them for the rest of their lives. If we are your chosen family, we promise you we will make sure your child is always aware of your unconditional love.

Cody is adopted and has so much gratitude for his experience. Cody knows this life your child is about to encounter, and he has experienced the beauty in it firsthand. We can only hope that you see who we are in these few pages and that it shows you the love, joy, and stability we give our family. We want you to know that no matter what your decision is, we are in full support. It is probably the hardest thing you will ever do. Wash it with love, and everything will be okay.

Respectfully,

Cody & Joscelyn xxxx
