ABOUT US

Hello there! Our names are Anthony and Chloe from Washington. We met in high school but didn't start dating until 2018 and got married in 2021. Anthony is a very loving, hardworking man who is also an amazing cook. Chloe is a quirky, outgoing person who loves spending time with her family. We recently bought a house and fully remodeled it ourselves. We have the opportunity to work from home as Anthony has recently opened up his own plumbing business. Anthony is mainly on the field, and Chloe has the ability to do the books and phone calls from home. With owning our own business, it gives us the flexibility to spend more time together as well as with our friends and family. We enjoy the simple things in life and making memories, and some of those are made in the backyard around the fire pit with friends and family.

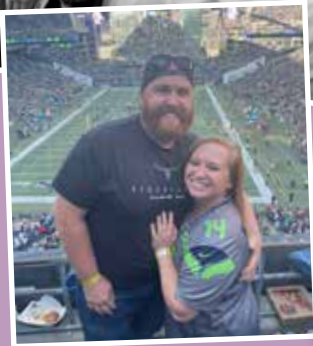

OUR HOME + PETS

We live in a family-friendly community. We bought a four-bedroom, three-bath house two years ago that we fully renovated ourselves knowing that one day we would want to grow our family here. We are located in the Pacific Northwest and minutes away from the main part of town as well as a big lake that we have a tendency to spend time at during the summer. We live at the end of a family-friendly cul-de-sac with kids of all ages. Our favorite area of the house is the porch as we are able to see the mountains. We are a two-minute walk away from the community park. We love to entertain, and our dogs love running in and out of our house.

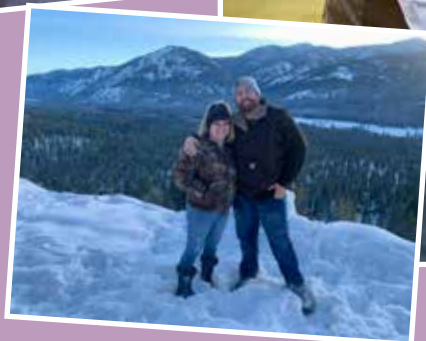

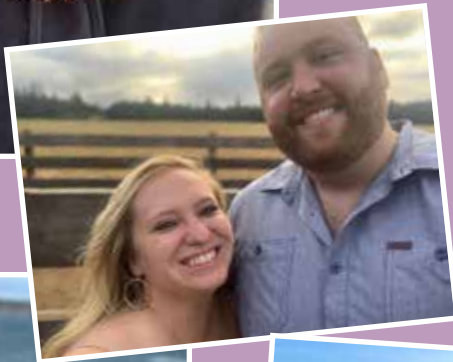

WHAT LED US TO ADOPTION

We have been unable to have biological children due to medical issues but have always been positive and believed whatever is meant for us will come to us. We have a few close friends who have been adopted. We have spent the past few years building the lifestyle we have always hoped for. We truly believe there is a baby who will fit right into our home and be incredibly loved by us. The fact that we have waited a little longer than anticipated has made our relationship stronger. We are grateful for the life we have and feel like we are one step closer. We couldn't be more thankful for the journey.

OUR FAMILIES & TRADITIONS

We are both close to our loud and very social families. Family is very important to both of us. We are grateful that our immediate families live 30 minutes from us and only a couple of miles from each other. Even though our extended family lives in different states, we are still very close to everyone. Our families are so excited for us to adopt. They cannot wait to pass on these traditions.

Chloe's family loves Christmas and goes all out for the holidays. They have a tradition of going out into the mountains and chopping down a Christmas tree. Chloe's family has another family home on a lake that we drive over to in the summertime and spend time fishing, boating, tubing, and talking around the campfire.

Anthony's family loves to cook. We have dinner with his family once a week and spend time around the kitchen table playing games, talking, and eating. Anthony's dad has a small house in Florida. It is a great place to get away from the rainy state and into the heat to go to some beaches.

DEAR EXPECTANT MOTHER

Thank you so much for taking the time to read our profile. We are sure you have many thoughts going through your mind, but we want you to know that whatever decision you make will be the right one. We have no way of knowing what it's like to be in your shoes and to fully understand what you are experiencing. We are honored and grateful to even be considered to come on this journey with you. We want to thank you for considering giving us this gift, and if chosen, we hope we can give you a gift back by giving your child a home full of unconditional love.

Should you choose us, your baby will be surrounded by love and support. We have worked hard the last few years to design the lifestyle we want for our children. We don't take this lightly. We will give them the tools they will need when facing difficult times and walk beside them through it all. We look forward to the days of grilling on the porch, campfires in the backyard, and time spent with friends and family.

We sincerely appreciate being considered for your child. We would be honored, excited, and forever grateful should you choose us for your baby. We will raise your child in a home where they will feel love, feel safe and protected, and be adored by all. We wish you the best in your decision.

With Love,

CHLOE & ANTHONY
