*our journey to adoption*

## About Us

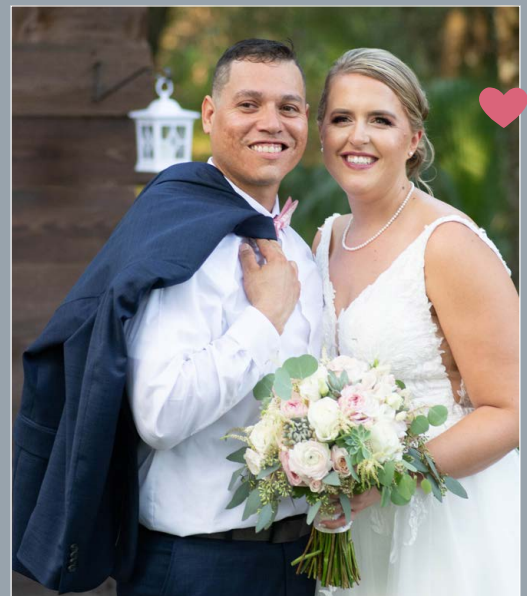

We're Sara and Donald, a loving couple whose story began in 2016 through online dating. After a magical Disney World engagement in 2018, we celebrated our wedding in 2020. Sara works as a nurse, finding fulfillment in caring for others, while Donald works as a plumber in the family business. Our shared love for adventure brings us together in activities like boating and bike riding, though we each have our own passions: Sara enjoys runDisney events, while Donald loves fishing and motocross. At home, we find joy in cooking together, relaxing with our dogs, and spending quality time with neighbors. Family and friendship are the foundations of our lives. Whether we're hosting weekend gatherings or joining neighbors for bike rides, our home is filled with laughter and love. We value these connections and look forward to growing our family through adoption.

## Our Home & Pets

Our welcoming home is nestled in a family-friendly South Florida neighborhood where children's laughter fills the streets and where our two loving dogs love playing outside. Our community truly shines with its small-town charm and big heart. Throughout the year, the town comes alive with seasonal celebrations – from festive Easter egg hunts to magical Christmas parades that bring everyone together. One of our community's highlights is our local water park, a favorite summer gathering spot for families. The excellent school district and safe streets make our neighborhood ideal for raising a family. Our community offers endless opportunities for learning and play, with parks, libraries, and family-oriented events just minutes away. Here, neighbors become friends, and every child has the chance to thrive in a supportive, engaging environment.

## What Led Us to Adoption

After dreaming of building our family together, we discovered adoption was the path we would take due to not being able to have our own biological children. Through thoughtful conversations, support from our families, and careful consideration, we knew this was our calling. We're excited about the opportunity to provide a loving, stable home filled with laughter, adventure, and endless opportunities. The thought of sharing our family traditions, from Disney trips to weekend boating adventures, brings us so much joy. Most importantly, we look forward to nurturing a child's dreams, celebrating their milestones, and supporting them throughout life's journey. We're committed to creating an environment where our child will always feel loved, understood, and cherished while honoring their unique story and background.

# Our Family & Traditions

Our family circle is filled with love, laughter, and eager hearts ready to welcome a new member. Our daughter is particularly excited about becoming a big sister and can't wait to help care for and play with her new sibling. Her natural nurturing spirit and enthusiasm for this next chapter of our family's journey make us smile every day.

Our extended family includes Sara's brother and sister-in-law and Donald's sister, all of whom are actively involved in our lives. We're blessed with loving parents who cherish their role of passing down family traditions and stories. Our numerous cousins ensure there's always someone to play with at family gatherings!

Holidays are special times when our whole family comes together, filling our home with warmth and celebration. We treasure our weekend adventures with cousins, whether it's planning short trips or enjoying local activities together. These close family bonds create a strong support system and guarantee that any child in our family will be surrounded by loving relatives eager to be part of their life journey.
