## about us

Hi! We're Scott and Cindy, a loving couple excited to expand our family through adoption. When we met, Cindy loved Scott's calm and caring nature, while Scott was drawn to Cindy's infectious humor and passion for life. Over the past decade, we've built a wonderful life together. Scott works as a real estate agent, and Cindy is a dedicated stay-at-home mom who teaches yoga, pilates, and self-defense and volunteers as a kindergarten room mom. We live a healthy lifestyle, enjoying the outdoors, cooking, and occasional theater nights. Our daughter, Mira, is the light of our lives, and we're excited to share our love with another child. Our family dinners and bedtime stories are some of the best moments of our day. We're overflowing with love and can't wait to welcome another child into our family through adoption!

## our home & pets

Our home sits at the end of a quiet cul-de-sac, surrounded by trees and wildlife. Whether we're exploring the nearby hiking trails, cooking and dancing in the kitchen, or playing in the backyard, this is where we make our memories. Bodhi and Dash, our friendly pets, are always by our side, bringing warmth and amusement to our adventures. Our neighborhood is a tight-knit community where neighbors become family. We love our ethnically diverse and highly rated schools, and our church offers a sense of belonging and fellowship. Our town offers the perfect blend of big-city perks like Broadway shows, concerts, and museums, along with endless activities like playground visits, library trips, pool days, and zoo outings, making it a great place to call home!

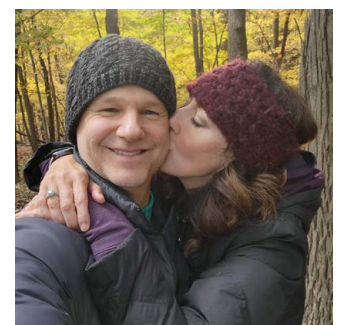

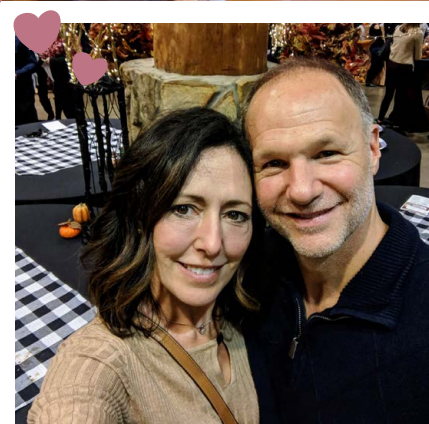

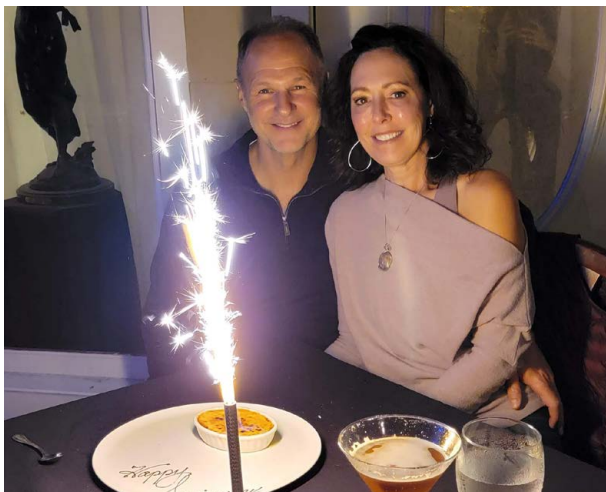

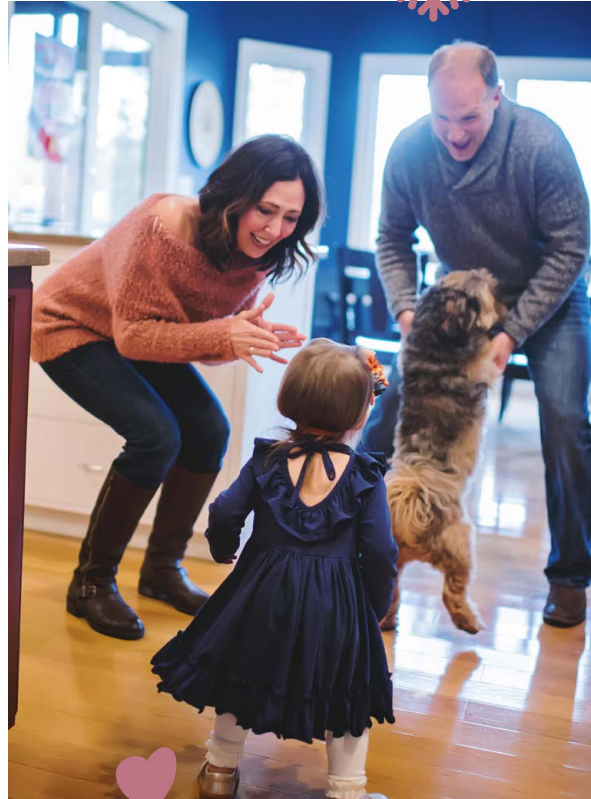

## what led us to adoption

Adoption is very close to our hearts. Cindy has an adopted sister, and we've recently connected with two additional family members who were placed for adoption at birth. These experiences have taught us a lot about the ups and downs of adoption. We planned to start our family through adoption a few years back, but our journey took an unexpected turn. We found out we were expecting a miracle baby before we could connect with a birthmother. Of course, we were thrilled beyond words, but adoption was still something we wanted to pursue. We have so much respect for birthparents and are ready to offer them all the support they need. We're excited to expand our family, and our daughter can't wait to become a big sister and share her love with a new sibling!

**Hobby:** Hiking, bike riding

**Family Tradition:** Elf on the shelf

**Musical Group:** One Republic, Maroon 5

**Movie:** *Old School*

**TV Show:** *Shark Tank*

**Subject in School:** Math

# our families & traditions

Family means everything to us. We prioritize getting together frequently and cherish our time with our loved ones, no matter the distance. Scott's family lives close by, and Cindy's family is scattered through Missouri and Texas. Despite the distance, we frequently gather for long weekends, and holidays are always spent together catching up, cooking, and playing games. These gatherings are filled with love, laughter, and cherished memories. Hanging out with loved ones while we watch our littlest generation follow in our footsteps and build special friendships is one of the most incredible feelings.

Frequent phone calls and video chats help us close the distance and stay connected. Our family is incredibly supportive of our adoption journey, and we're thrilled to share this exciting chapter with them.

OUR LETTER TO A

## loving mother

Dear expectant mother,

We would like to extend our heartfelt gratitude to you for taking the time to get to know our family. Adoption has already been a part of our family's story, having both experienced the joy of welcoming a child into the family through adoption and understanding the selfless act of a family member placing a child for adoption.

We recognize the profound dedication and love you have for your baby. Should you choose us, we promise to embrace your child with all our love and care, giving them a safe, loving, and nurturing home and a life of opportunity. As they grow, we will strive daily to help them understand who they are and where they came from. Each day, we will hold you in our thoughts with sincere appreciation for your act of love and ensure that your baby understands how loved they are because you loved them first. Please know we're here to support you every step of the way and will honor whatever level of communication you prefer throughout our journey together.

We are rooting for you and want you to know you are not alone. Thank you again for considering us. We're here for you if you have any questions or want to chat.
